Buchanan High Reflects Leadership,

The clang of a bell reverberates and echoes throughout the hallways and corridors, and young people of Buchanan High fill them rapidly. These lively, friendly people will someday be the scholars and leaders of our nation. They will attempt to aid their fellow man. They will function in our government, control our defenses, fulfill the United States need for capable leaders and run our industries. These young people will be the teachers, doctors, lawyers, merchants, homemakers and laborers of the future.

Buchanan High School reflects all walks of life, assorted personalities, and various kinds of individuals. Their footsteps that resound in our halls today will fill America's leaders' shoes tomorrow. The ones who are preparing for tomorrow are studying and learning their English, social studies, math, and science today. They are the football and basketball stars, club presidents, and social leaders who walk among them, whether they be freshmen, sophomores, juniors or seniors.

These youths of today conceal qualities that must take time to grow, and when that certain day comes, they will prove themselves through these very characteristics. Ideals, concepts, and idea, combined with the interesting people who interpret them, are what Buchanan High School reflects.

Many Moods, Talent and Spirit

The leading class of the school, the Seniors, are caught in the midst of a Wednesday homeroom meeting while making some of their big plans.

Leadership Stems from Participation

One of the qualities the B-Club stands for is leadership and the officers are seen in the opposite picture as they confer on club business.

Classroom participation also builds the foundation of leadership as the picture opposite shows.

Student Council President, Bob White, holds a committee meeting to make more and bigger plans for the leading organization of the school, the Student Council.

Both in and Out of the Classroom

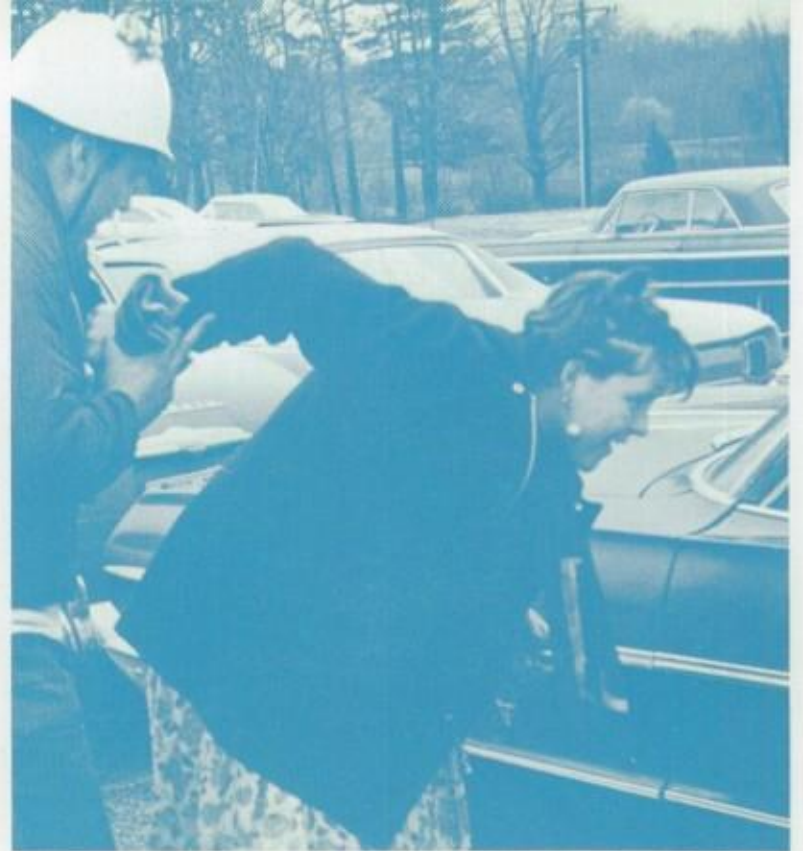

School leaders are made from the ranks of the ordinary industrious students. But unlike other individuals, they have special qualities and take the initiative to utilize them not only for themselves but in giving assistance to others.

With activities come many varied responsibilities. Work is constantly present. The class officers devote many extra hours in planning, budgeting and scheduling for the assorted classes and groups. Student council members, interested in the general welfare of the students must make use of every opportunity to aid them. Officers of the various school organizations must carefully supervise the activities of their group. They are ready and willing to accept all suggestions that may mean fun or benefit for their members.

These many leaders are every-day students who undertake added work and responsibilities; they allow the challenge of leadership to shine through their personalities--B.H.S.'s personality.

The happy faces of Terry Coffel, Cheri Carlson and Jude Bradley, mirror the anticipation previous to the crowning of the 1966 Homecoming Queen.

Having a sense of humor is very important for getting along in life and during the annual initiations Roger and Rhonda gave their classmates many a chuckle.

Many Moods of Life Viewed

Assorted faces, characteristics and personalities are encountered amidst the student body of Buchanan High. The happy, excited, enthusiastic, thoughtful, worried and sad moods that teenagers experience are reflected in the faces of every student.

Calm, reserved, and perhaps a little indifferent, a Senior girl sits in deep concentration. Across the way, a boy sits relaxed and at ease. In another room, busy students rush under pressure to meet deadlines. Next door tension mounts as students meet each exam question with apprehension. The gym vibrates during a pep assembly as the crowd yells in excitement. In the library, a sophomore girl dreams her thoughts reading a book. Through the halls the effervescent Bucks hurry to their destinations, all in the moods which dominate B.H.S.

Rigid attention is shown below as band members adopt serious attitudes during a judging contest.

Serious study, the characteristic of scholars, is put to much use by Gary in Physics class.

Sports, too, reflect our many moods as Jim's face mirrors his concentration on catching the ball to tag a runner out.

in Faces of B.H.S. Students

A pep rally session preceding a Niles game is very enthusiastic as the crowd below shows, as they rise to their feet to cheer.

Alexander can't believe he's finally in Heaven.

1966 Junior Play Is a

It was a murder mystery!
 Victim entering into Heaven (Hades?)
 Victim was a mystery writer and wanted to know who killed him.
 The angel Michael couldn't tell him.
 He convinces Michael to send him back to earth for 24 hours to
 find out who killed him.
 Different ways he tries to find out who killed him.
 Finally he gets killed again!
 He arrives back in Heaven.
 He still doesn't know who killed him!
 Michael saw who did it and tells him.
 Play ends.

Flo attempts to impress Alexander.

Alexander suspects his girl friend of plotting to kill him.

Big Success

Final moments before play begins.

"Where on Earth Am I?"

The entire cast appears on stage for the final curtain call.

Brisk Weather Fails To Dampen

H.R.H. Sandy Shriver

And her court--Pam Heiermann, Judy Bradley, Sara Shoemake, and Sandy Dodge.

One of the cars in the pre-game parade.

1966 Homecoming Spirit

Not even the chilly, brisk weather could dampen Buchanan High's homecoming spirit. A huge snake dance began the festivities by parading from Front Street hill to the Memorial Field parking lot in noisy anticipation. Consisting of the B-Club, Varsity Band, organization floats, the queen candidates and excited students, the caravan slowly made its way to the huge bonfire awaiting them at the school. B-Club President, Larry Elliott and Head Coach Doug Borgert added to the students' enthusiasm by giving rousing speeches.

The following night, a pre-game procession made its way around the track before the anxiously awaiting crowd to give them a view of the floats that the students took so much time to prepare. The winner of the float contest, the Junior Class was also announced. The Seniors were awarded second prize. During half-time, the long awaited moments arrived. Out of a field of 16 senior girls, the 1967 Homecoming Queen and her court were announced. Then at last over the P.A. system, the name of the 1967 Queen was announced--Sandy Shrider--and Janis Prenkert, Homecoming Queen 1966, stepped forward to place the crown on her head. Both girls were escorted around the track in the Queen's car.

After the game, a short reception was held so everyone could meet the queen and her court. On Saturday night, the Homecoming Dance, sponsored by the Student Council, was held and music was provided by the Wandering Kind.

Janis places the crown on Sandy's head.

The 1966 Homecoming candidates.

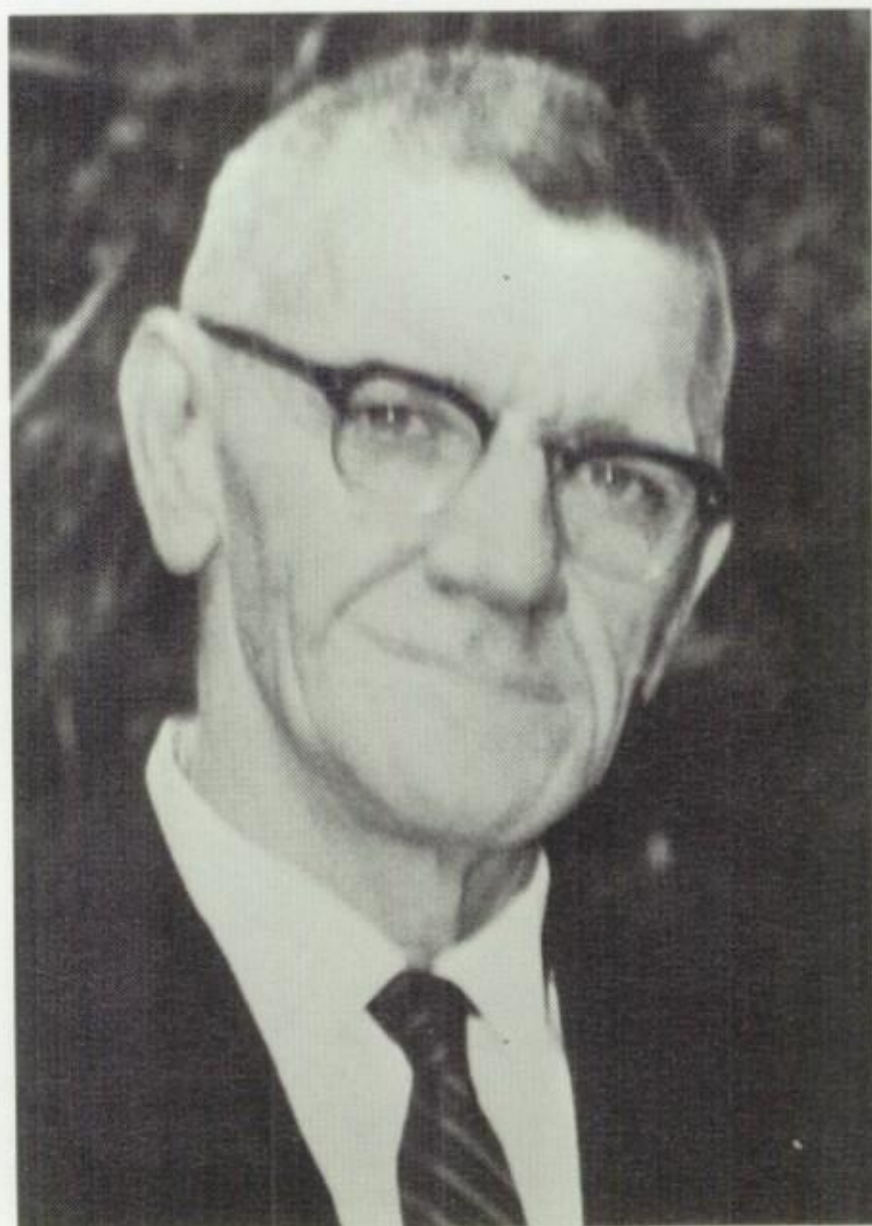

The prize-winning Junior float.

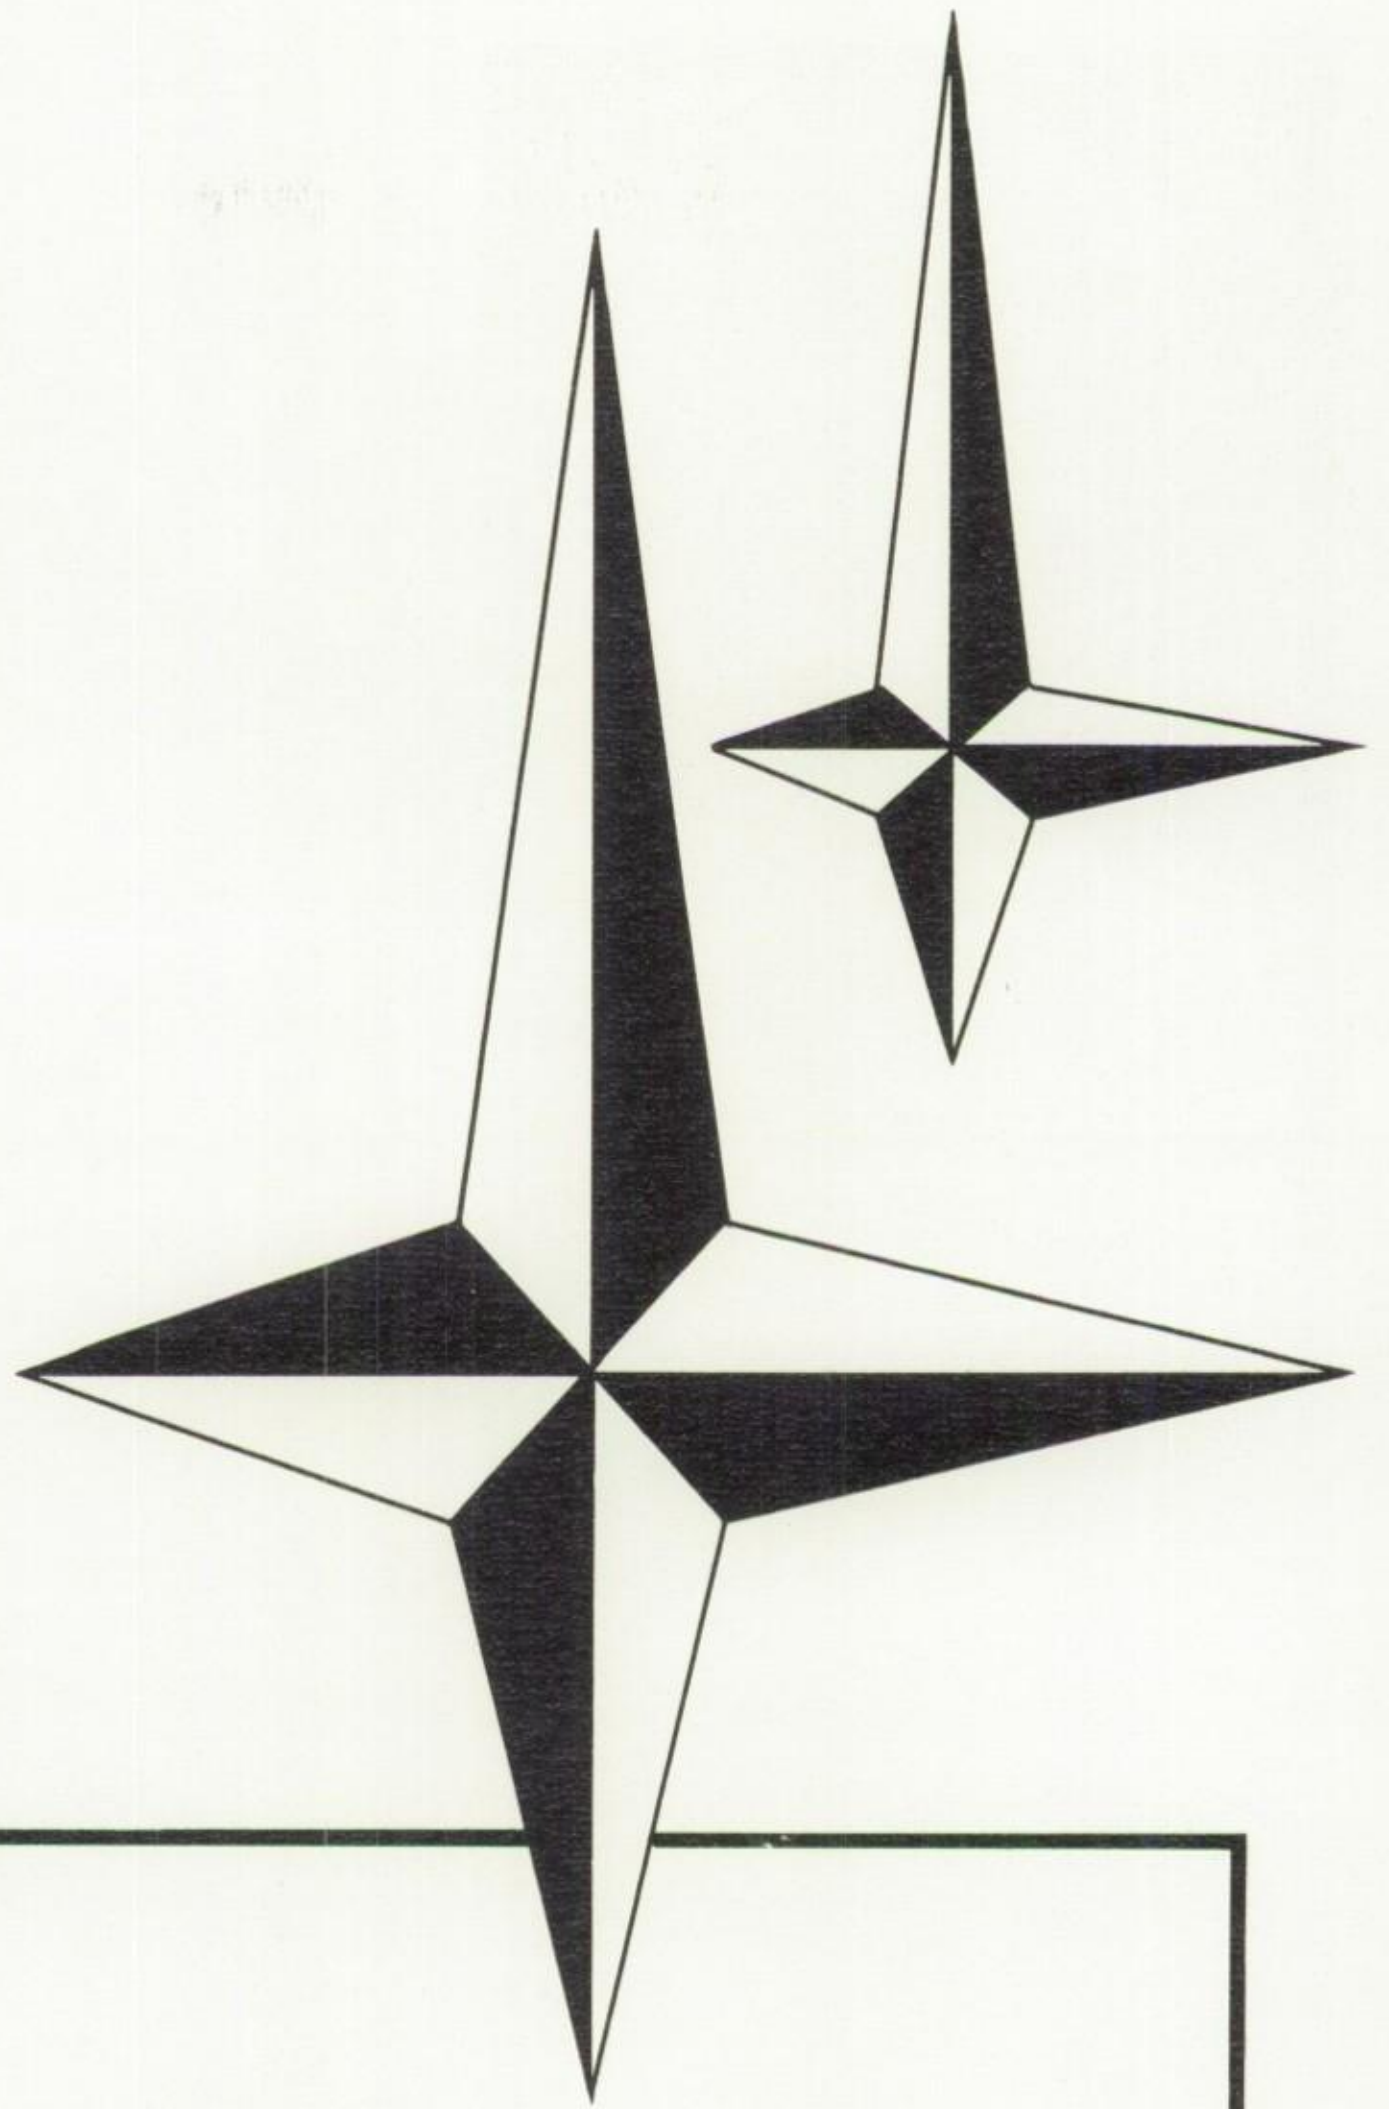

Ella Powell who spent twelve years teaching the youth of Buchanan.

In Remembrance of . . .

Eldon "Bud" Proud who spent sixteen years working at Buchanan High School.

ACADEMICS

Left to right: Richard P. Post, Director; Gordon Schneider, Treasurer; Marian Burchfield, Secretary; Bernard E. Ellis, President; Miriam Hassan, Director; Byron G. Harker, Director; Frederick E. Stout, Director.

Board Outlines New B.H.S. Policies

The Board of Education at Buchanan High School for 1966-1967 has many duties to carry out to meet the present education needs. They devote their time to discussing improvements in the school system that would be both for the student's benefit and the school's. In keeping within the specified budget, they strive to employ best instructors and utilize the finest facilities.

They keep themselves up to date with current trends and progress so that Buchanan High School may be among the more modern schools. They attempt to make advances so that the student body and faculty can be proud of their school.

The Board's slogan might well be "to learn more is to progress more."

With his staff of capable secretaries, Mr. Bailey, our Superintendent can carry out our School Board's plans.

Two Men Carry Out Board Policies

While there is always someone to make decisions, there also must be someone to carry them out. So, at Buchanan High School, these duties are delegated to two particular men: our Superintendent of Schools, Mr. Pierre Bailey and our Assistant Superintendent, Mr. William Fairman.

Under these two individuals, the policies the Board outlines are administered. Their duties are many and varied, coming under topics from A to Z. Without the work of these men, it would be extremely difficult to have a properly run school.

Besides these two men, there are many secretaries who aid them in doing their jobs. They also help B.H.S. run smoothly and we should appreciate their work and efforts.

Mr. Fairman, our Assist. Supt., and his secretary, Mrs. Kangas, help to aid Mr. Bailey and his staff with all their work.

Mr. Trull, our Principal, outlines some memos for his secretary, Mrs. Rumsey, to announce to the student body.

Principal's Office Nerve Center of B.H.S.

Perhaps the man of the administration who has the most contact with the student body is our Principal, Mr. Donald Trull. He has almost constant association with the pupils as he endeavors to meet their needs. He is always willing to hear problems and offer solutions to the best of his knowledge.

Besides being an excellent administrator, Mr. Trull is also known for his spirit and participation at B.H.S. activities. He can always be seen at school games and other functions.

Mr. May, our assistant principal might well be known as Mr. Trull's right-hand-man. He, too, is almost in constant touch with the students and is always willing to offer his services.

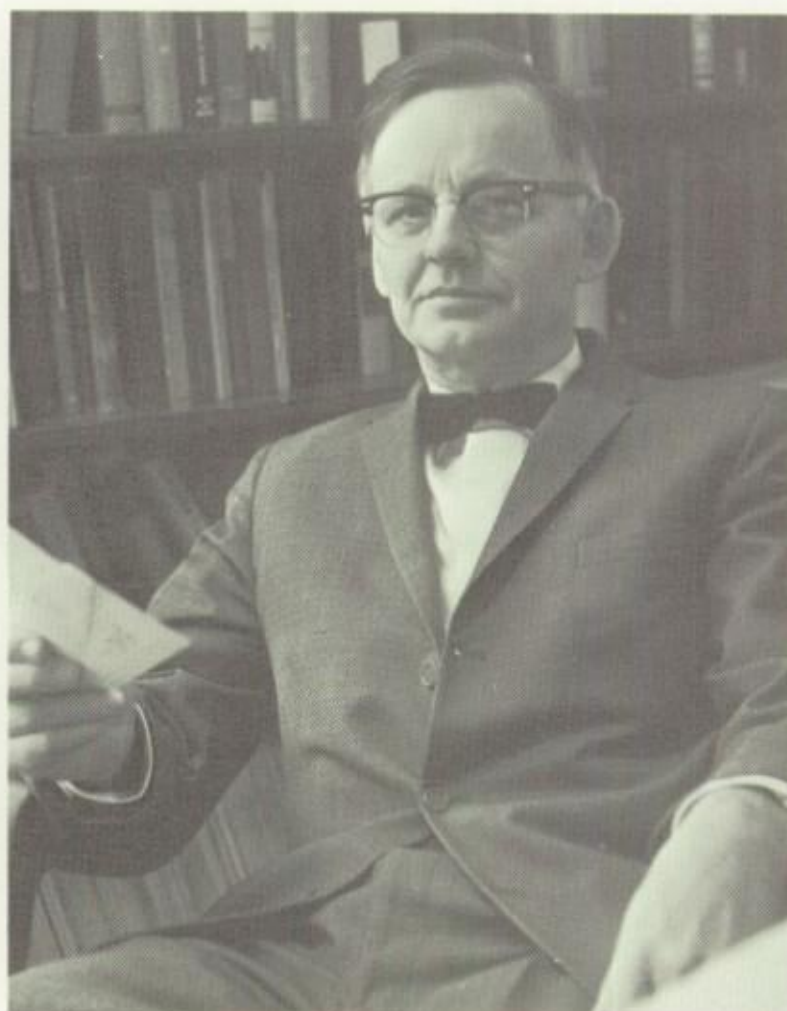

The students should appreciate and give their co-operation to these two men.

Mr. May, our Assistant Principal, discusses how to best serve the students with his secretary, Mrs. Welsh.

Mr. Kingsbury is caught in the midst of aiding one of many students plan their futures at B.H.S.

The head of the Guidance Dept., Mr. Stromswald, often has many decisions to make, as seen in the picture above.

Counselors Help Students Plan Futures

The B.H.S. counseling department greatly aids the student body in planning their futures. Working individually with the students, the counselors discuss each one's particular needs, and how they could best profit from the courses. In addition to giving advice on studies, they also try to solve any problems the students may have.

Through assorted testing programs administered at B.H.S., the counselors are given added assistance in establishing an improved curriculum for the school. The members of the student body should be deeply indebted to these hard-working people who are here for their benefits.

Mrs. Rizor offers many vocational paths for students after they leave B.H.S.

Under the supervision of Mr. Berry, students can view many different courses of study.

To help make points clearer to her students, Mrs. Utrup often utilizes maps and charts for demonstrations.

Special Classes Aid Many

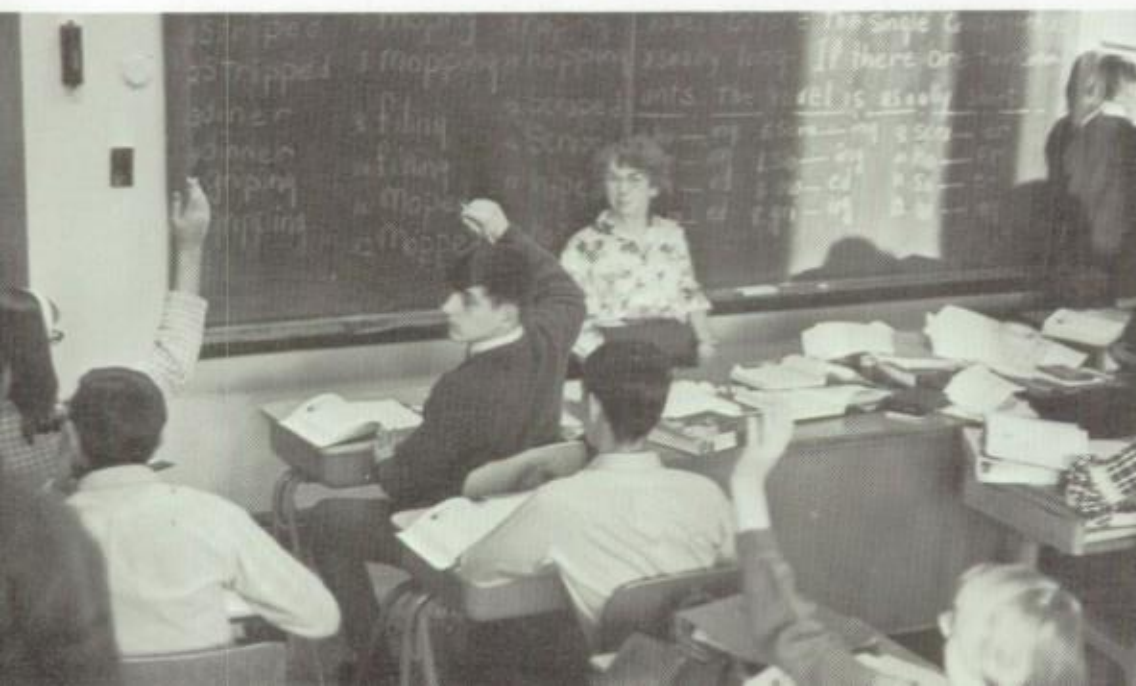

Mrs. Andrews is seen here as she checks papers to see if her students comprehend their lessons.

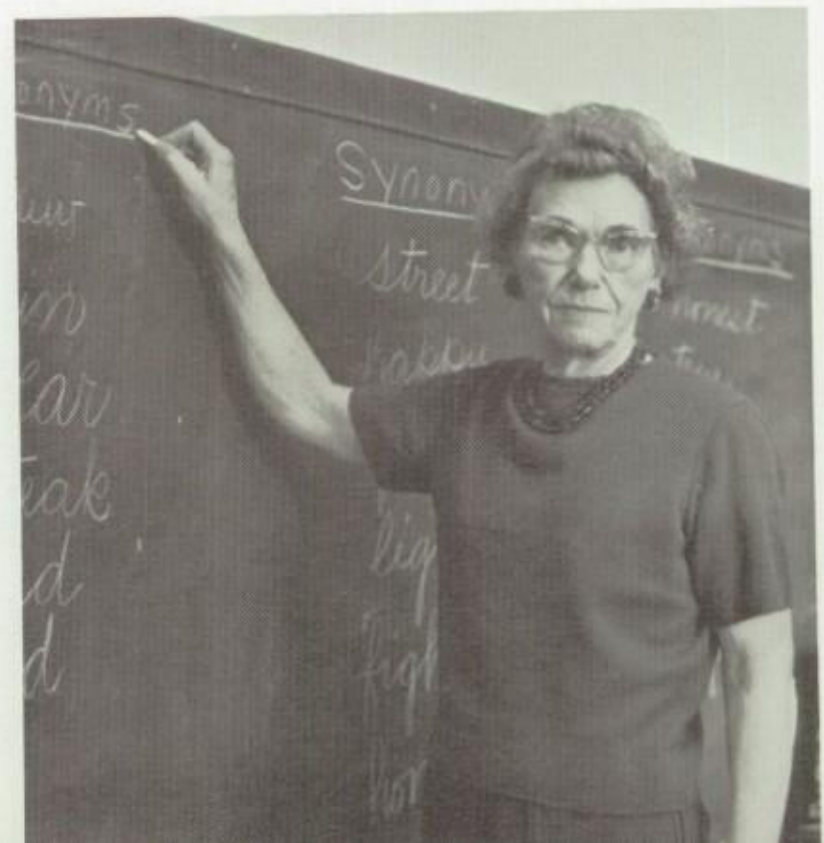

Two types of aid are offered to B.H.S. students who have problems while attending school. Special education classes are available to those who have troubles in a specific course. With this additional instruction, they can receive a better understanding of the course and still progress at the same level with the rest of their class members.

Transitional classes have been developed for those individuals who find difficulties in making the move from elementary school to Jr. High. After taking this class, they can then enter Jr. High with better preparation and more knowledge for it.

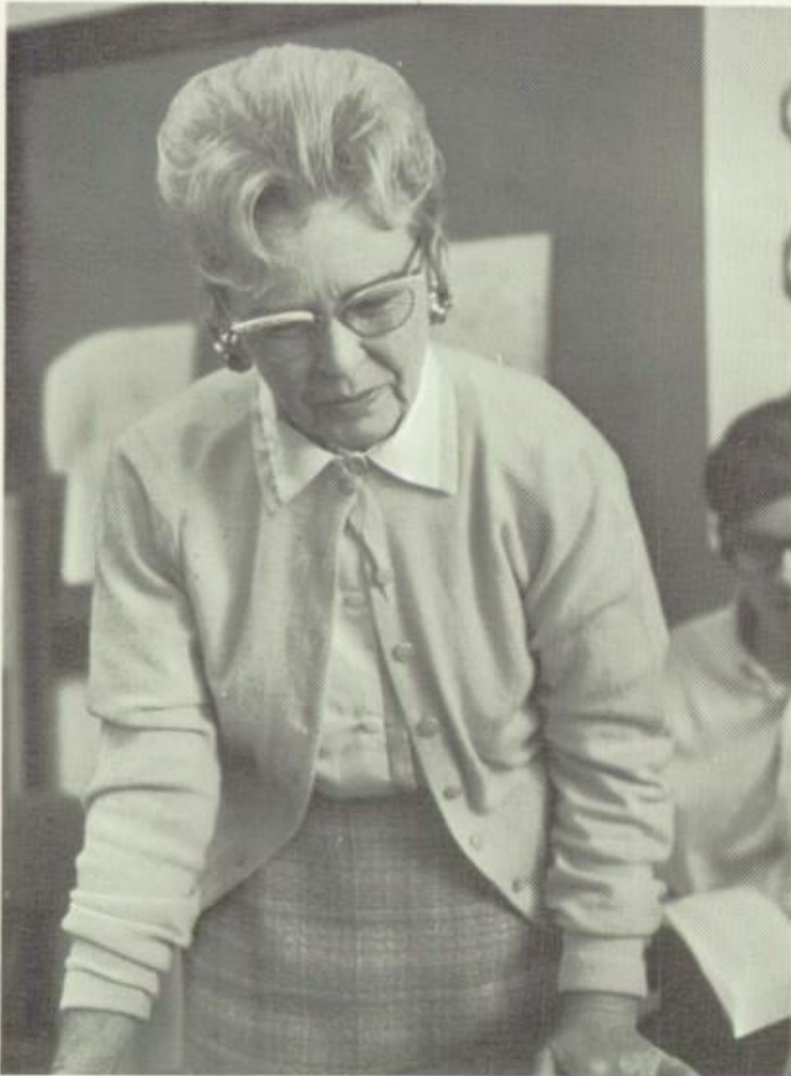

Students who participate in class help others as well as themselves as seen below.

Mrs. Rotzein uses the blackboard to get her points across.

English Stresses Correct Techniques

Mrs. Snyder prepares to help one of her academic-minded pupils as she meets with a lesson problem.

In English, there are three tracks from which a student may choose. For those planning further education after high school or desiring a greater challenge, there are the English prep classes. General students study from the practical point, realizing it might be their last instruction in English. Some who have certain problems, attend special classes suited for their needs.

Many ideas can be expressed by a group discussion as seen above.

Mr. Scoggin is seen as he checks two of his pupils to be sure they understand their assignment.

Class participation is important as Mrs. Imhoff gives her full attention to a student.

Through the teaching of Mrs. Kantor students become associated with many various types of writing as seen above.

Mr. Goldberg often helps his class comprehend with illustrations on the blackboard.

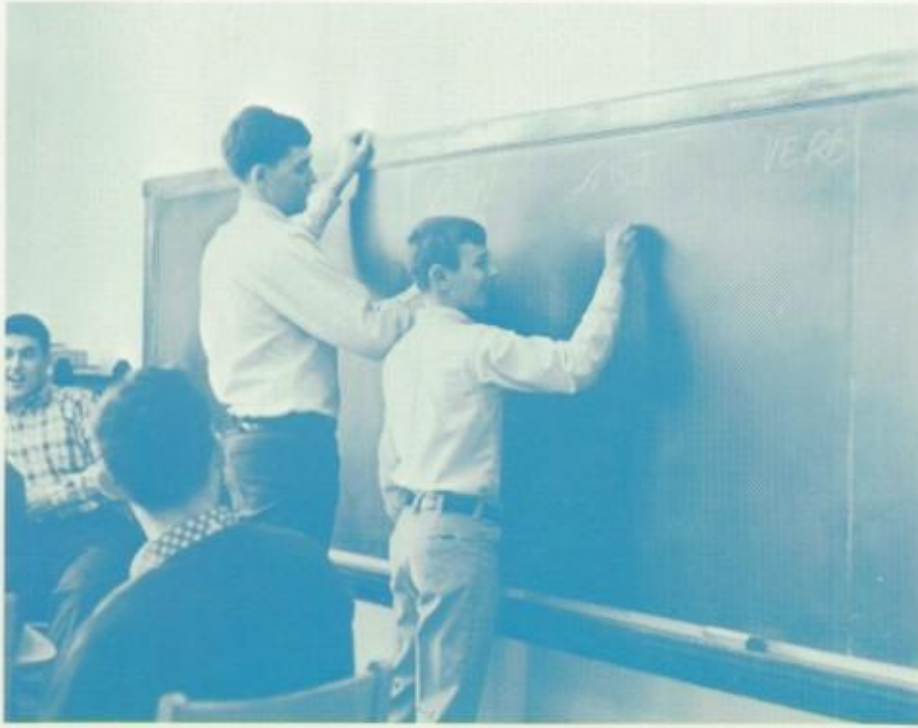

Knowledge of Literature Important

The English classes have two courses for study. One half is devoted to the study of literature. It is important to be aware of what others have written and think about what they say. Likewise, it is important for students to know how their own ideas might best be presented through utilization of the various styles of writing. Through literature, they are taught this and many more beneficial techniques.

Knowing what others have written is important and Janis & Lynn are seen in the library as they look for a book for a review.

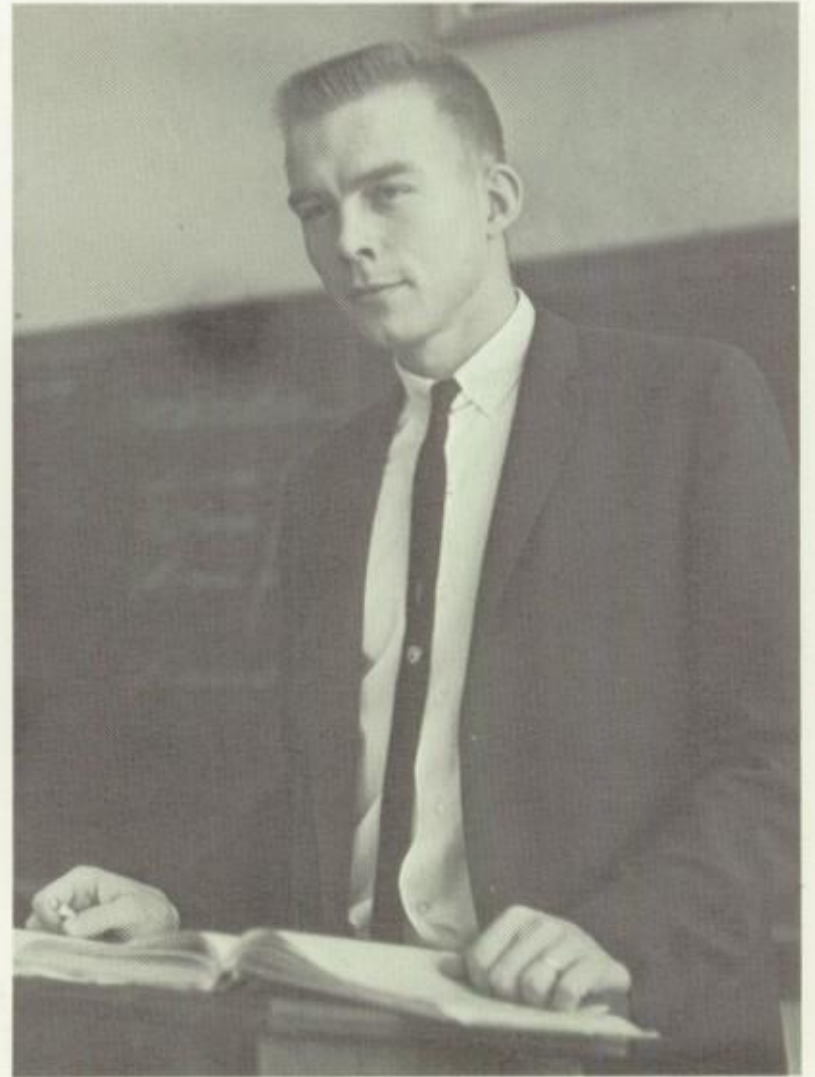

Oral recitation can also add to a student's understanding of a lesson and Mrs. Rothfuchs employs this method.

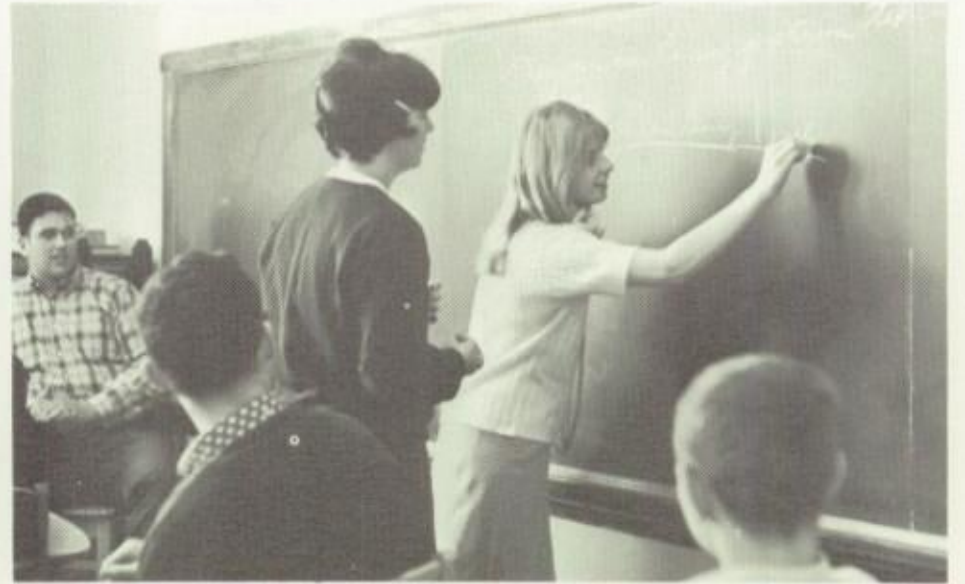

Identifying sentence parts is often necessary as Bruce and Steve learn in their English class.

Mr. Edwards is caught in the picture opposite as he concentrates on a student's reply.

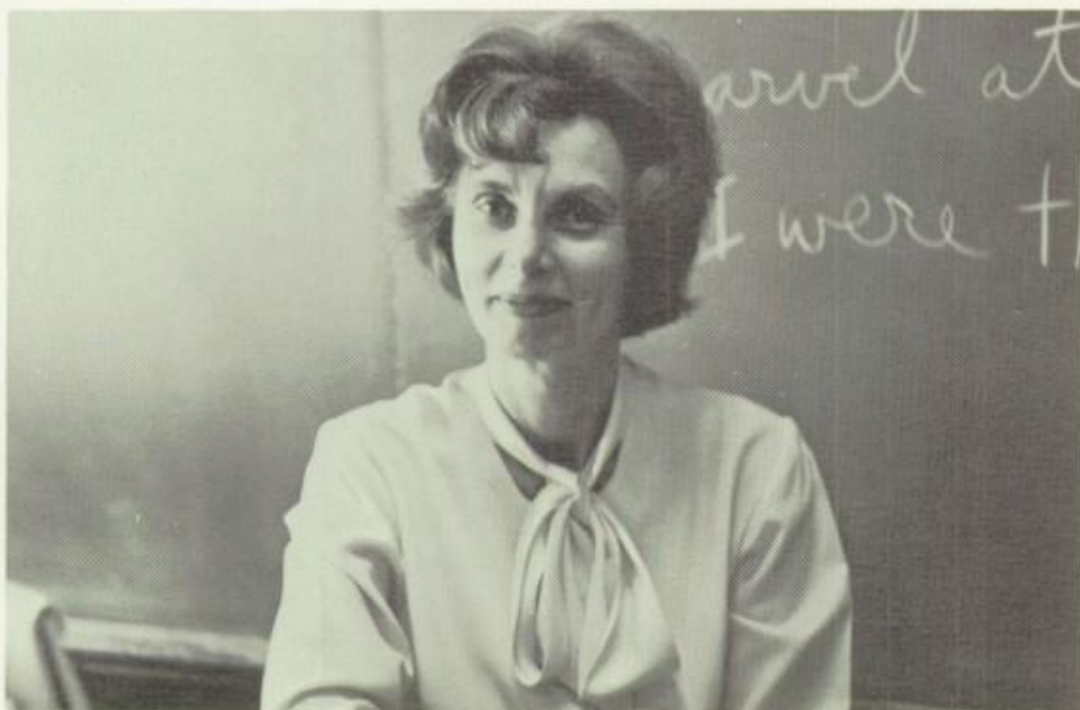

Good Grammar Is Necessary Too

The second half of English consists of grammar usage. In having our own thoughts and wishing to express them, it is important that we can do it properly and clearly. Thus we have classes in grammar that teach us parts of speech and good usage in English. When we wish to write our own opinions then, we can do it so that others understand us.

Diagraming often makes sentences clearer as Barb and Jane demonstrate to their class.

A smile is reflected on the face of Mrs. Roti Roti as a student has a humorous comment to make in her class.

Languages from Other Lands Are Fun

While English can be quite interesting, foreign languages are often even more fascinating. Under the guidance of these three instructors, pupils discover and learn the intriguing facts of other languages.

In addition to learning how to converse in a different tongue, the students also learn much about the country itself. Besides increasing their vocabularies, it adds to their knowledge of history too.

As time goes on, more and more B.H.S. students are discovering the fun and challenge of learning a different language.

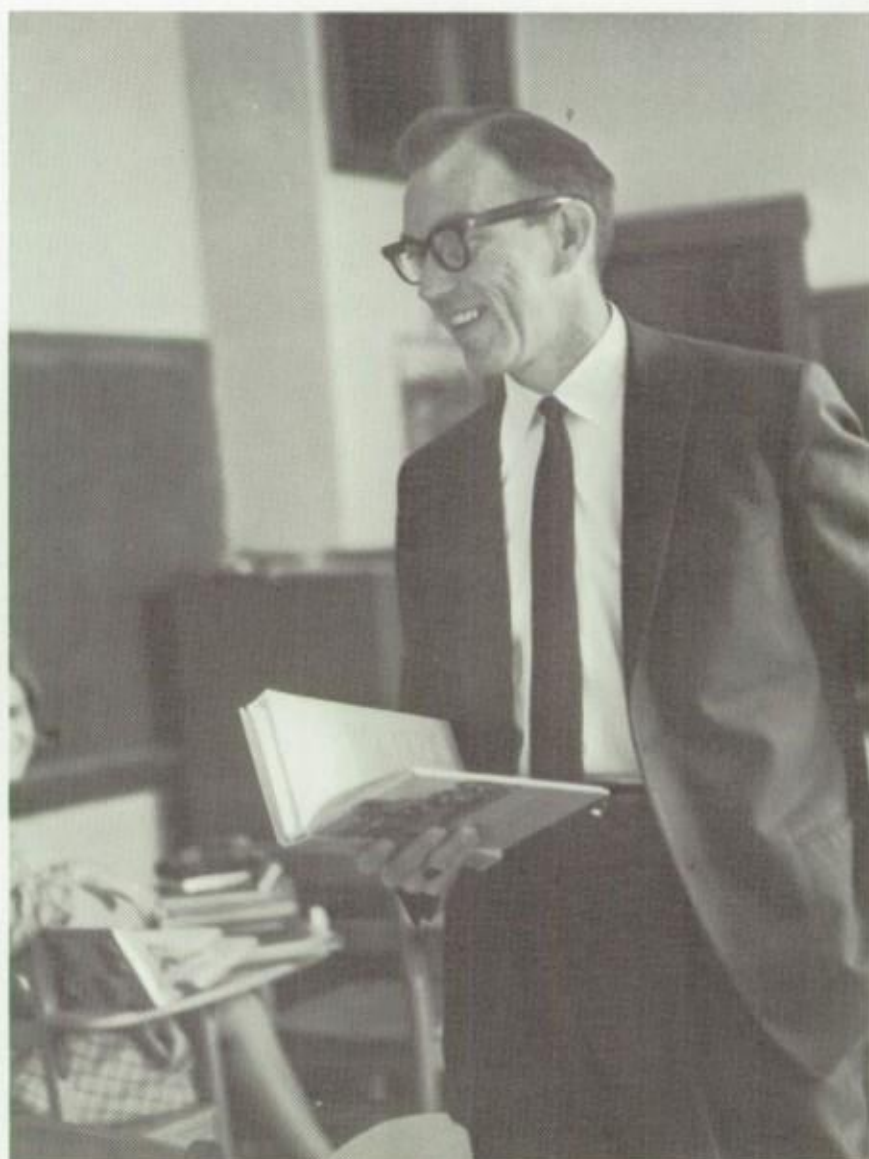

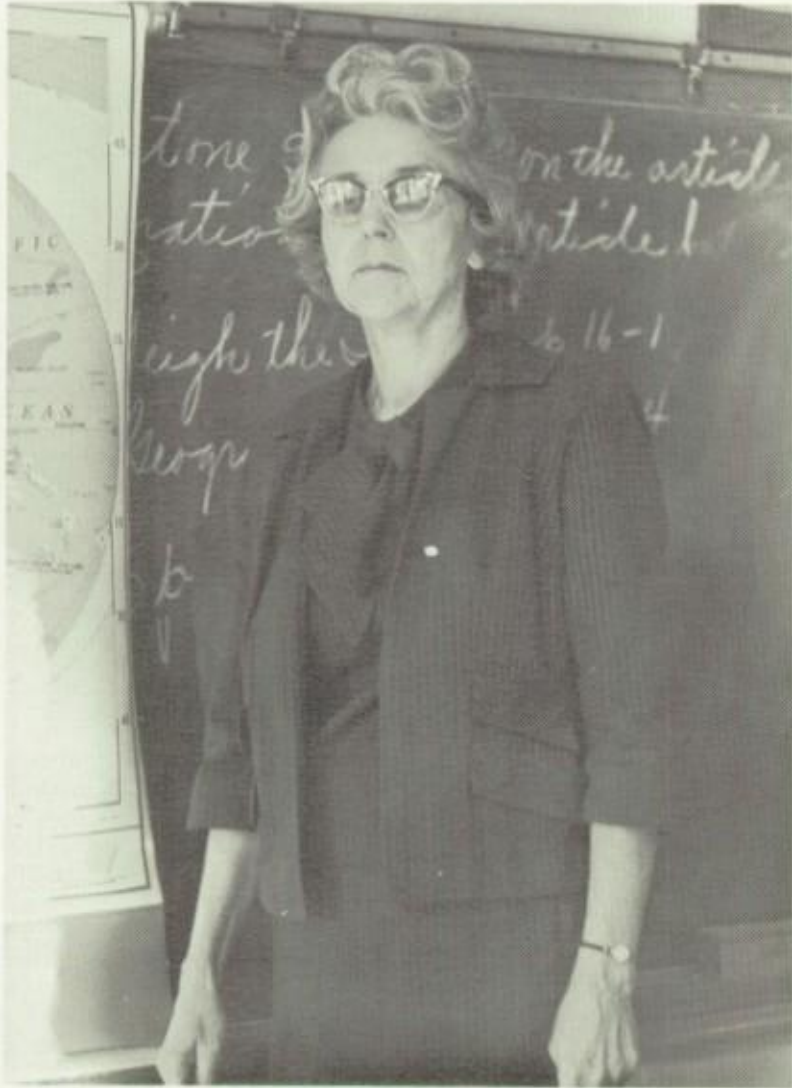

A student's response often brings a smile from a teacher as it does here with Mrs. Soules, one of the Latin instructors.

Miss Rhys, our French teacher, looks over her pupil's shoulder to see if the lesson is going well.

Our Latin & Spanish teacher, Mr. Ahnert, is notorious for his excellent teaching and sense of humor as shown in the opposite picture.

An excellent background in world and U.S. history can be acquired from Mrs. Babcock.

U.S. government & history are made interesting and fun as well as educational by Mr. Nelson.

B.H.S. Social Studies Prove Interesting

Known for his patient teaching and understanding of problems, Mr. Dick is one of our U.S. history teachers.

Besides being up-to-date with the events in the world today, it is also important for students to be acquainted with happenings in the past. The history of the past can have a great influence on today's world and the world of tomorrow.

Under these teachers, students learn how their world has progressed up to the present time and what the future could bring. They soon learn how even they could affect the history of the world.

The filmstrips and projectors that are made available to students add much to history understanding as Dave knows.

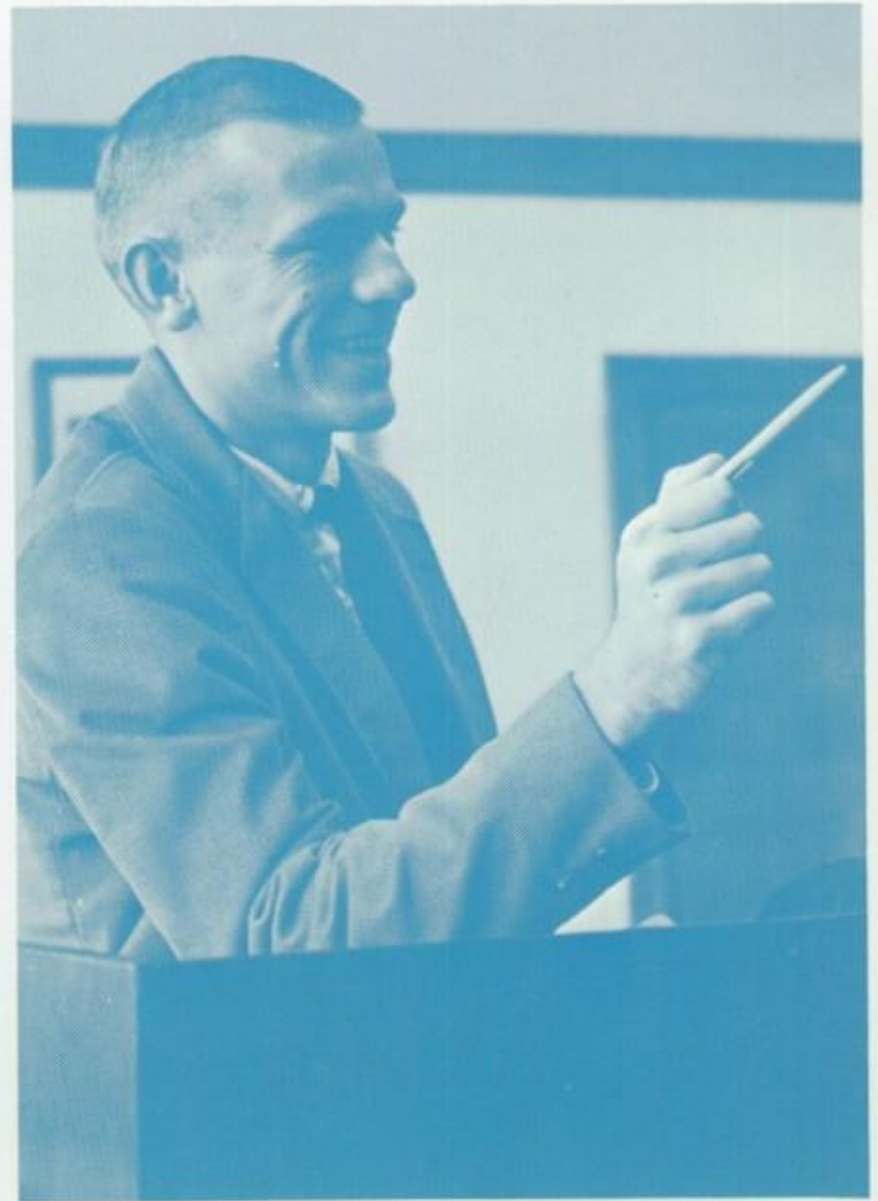

Knowing points of interest in your own country can be important and interesting both as Sandy demonstrates to her Civics class members.

“Know Your Own Country First” Is a Good Motto

As important as it is to know the history and progress of other countries, it is even more essential for students to know their own country and be aware of present-day happenings.

There are many courses at B.H.S. where students can learn about the United States and the teachers try to do their best to educate future leaders of our country. Hopefully, these individuals will be able to make the right decisions for the U.S. when the time in the future comes.

Students can obtain a fine education in civics from taking one of Mr. Proud's courses.

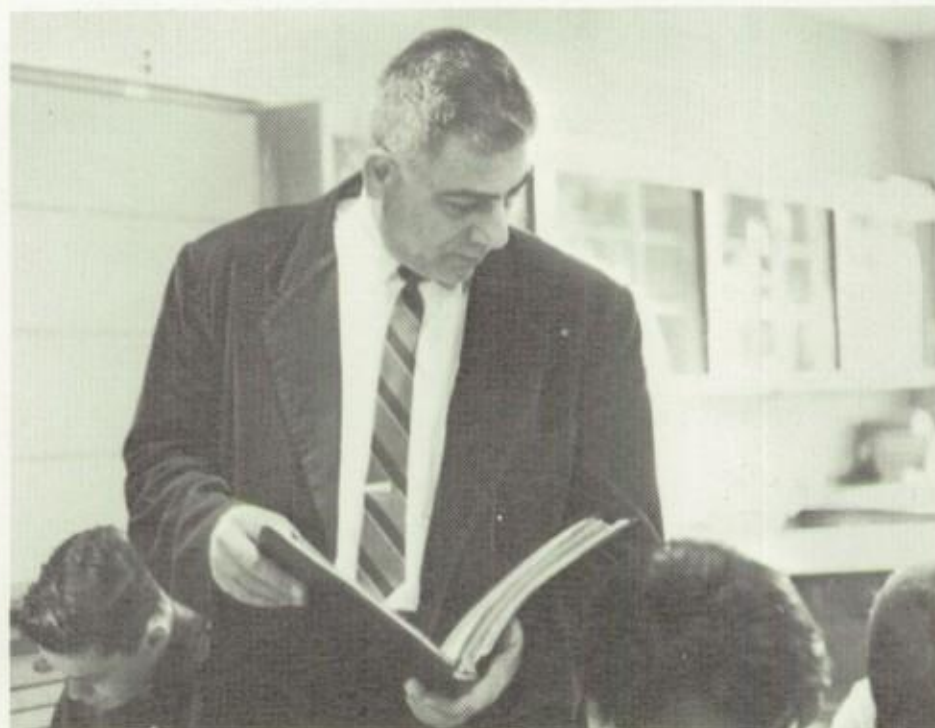

Instructing future Senior High students is one of Mr. Stockwell's main concerns.

Basic Science Informative at B.H.S.

To understand most of the natural things in his world, a student takes a course in the basic sciences. He is made aware of exactly why things are the way they happen to be.

As well as learning about man, animals, and plants, the student also learns about minerals, liquids, nuclear energy, and much more.

After taking the classes, a pupil can better understand the properties and principles in his world of today.

Supervising his students' work in one of his science classes is Mr. Roti Roti.

Outlining material on the blackboard for his students' benefit in the study of biology is the instructor, Mr. Wishart.

Dr. Vastine offers much useful advice to B.H.S. students in his health classes as viewed below.

Dissection can add much to a student's comprehension as this biology class learns from experience.

B.H.S.'s Higher Levels of Science

For those students desiring to pursue a more academic approach to the sciences, the courses of chemistry and physics are available to them.

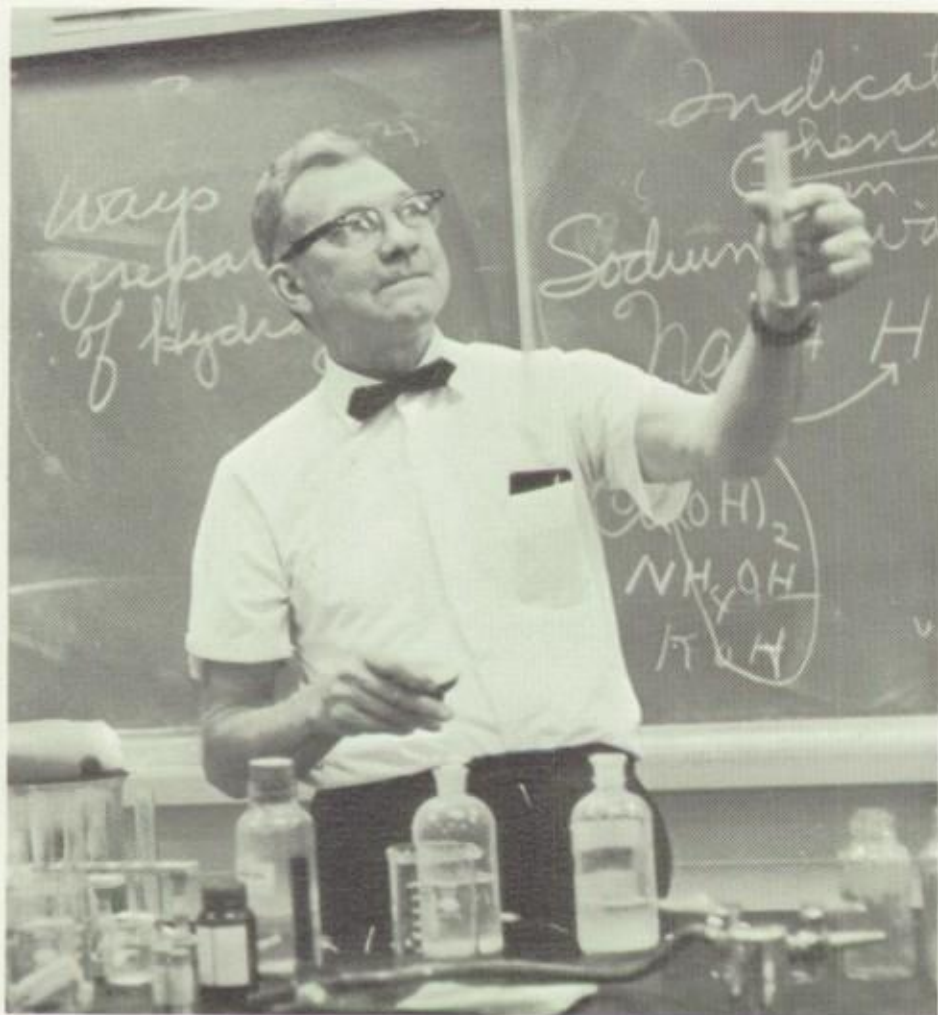

The courses involve a more detailed line of study through which the basic principles are explored further. The pupil is much more able to grasp the intricate concepts of science and math after taking the courses.

New perspectives are presented which enhance upon the studies previously taken.

Besides being quite informative, the courses also prove to be fun when the students are released for practical application in the labs.

Mr. Kangas elaborates on a point in geometry for one of his classes as seen in the picture above.

Mr. Decker is seen above demonstrating how a chemical reaction takes place.

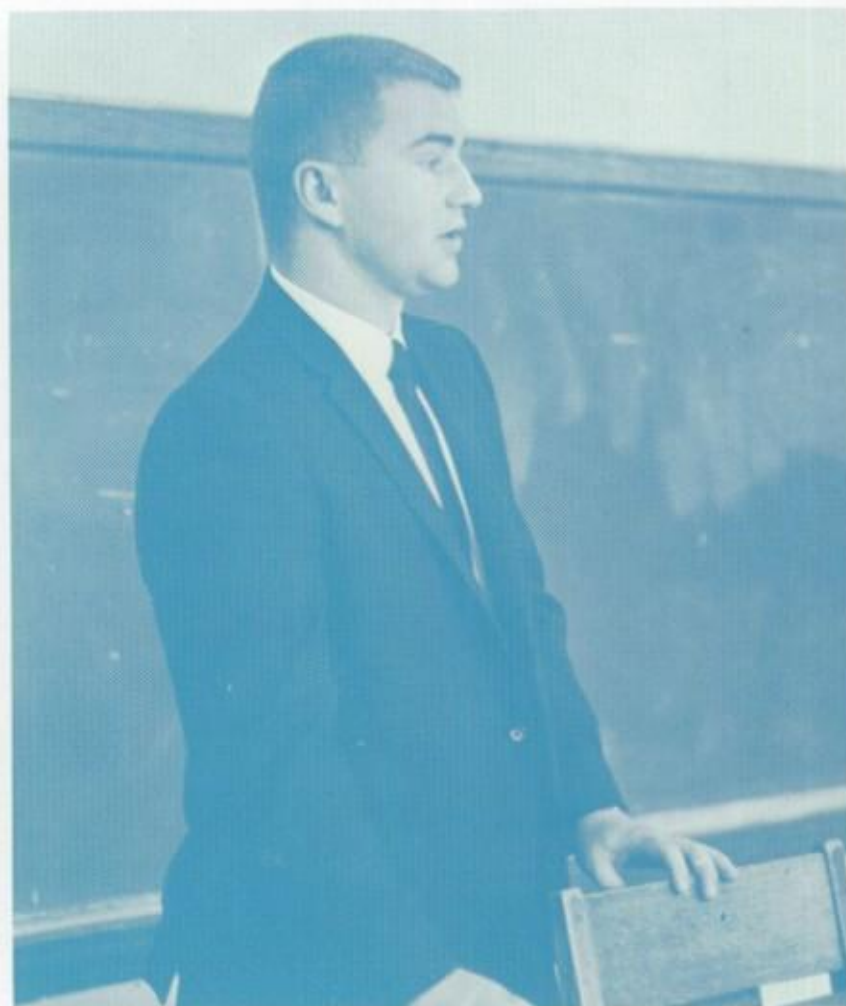

Added information and much fun are found by many students when they are in the physics lab.

Students Learn Math Essentials

Pupils of Miss Sheldon's classes acquire the basic principles of algebra and general math.

Mr. Tubbs has the duty of teaching future Sr. High students the principles of arithmetic.

The girls in the above picture are using the primary figures recognizable to almost any student of math.

In an age of electronics and computers, everyone should have a basic knowledge of math to become upright member of society. Buchanan High School has math courses designed to meet the students' needs and encourage the students' interest for further pursuit of this study. Students enjoy as well as profit from these various courses.

Jr. High students receive a good introduction to math from Mr. Rennhack.

Students who desire more advanced studies of math take Mr. Montgomery's informative courses.

Facets of Art Explored

Mrs. Rinker helps Pat with an art display.

Ceramics are just plain fun.

Art is creating or composing a pattern, design, or arrangement. For a composition to achieve merit artistically, it must have rhythm, unity, balance, harmony, and depth. A person's thoughts and ideas can be put on paper, molded from clay, or sculptured out of wood.

Art class is fun for those who like to create things of their own making. There are many ways to express yourself, for instance; when designing a collage, montage, or lamination, your distinct personality is shown through the work created. The pictures of this page reflect the many moods developed in art class.

In charcoal drawing, students often work from plaster casts.

Vera and Ray arrange a still life set-up for oil painting.

There is great satisfaction in creative art work.

Art appreciation is an important part of art education.

Aspects of Business Learned

Our world of today revolves around the realm of business and is practically dependent upon it. Many, many people are employed in it and must be well-educated.

To prepare students for this future, Buchanan High School has many courses to offer to them. The secretarial techniques are stressed in many and in others the mathematical approach is emphasized. B.H.S. students can be proud of the many commercial courses the school has to offer.

General typing and various methods of record-keeping are instructed by Mr. Longley.

The intricacies of typing are taught by Mrs. Garber to students who wish to learn the fine points of good typing.

The complicated figures of shorthand are taught by Mrs. Hare as well as secretarial and clerical office practice.

The concepts of business law and mathematics are taught by Mr. Rizor at B.H.S.

Homemaking for Tomorrow Taught

Beginning right in Jr. High, girls are taught Home Ec by Miss Lindley.

No matter what your profession might be, one subject that would always be useful to you would be homemaking, and B.H.S. has a fine course in it.

There is almost nothing as admirable as a properly run household, and a course in Home Ec offers many techniques to students.

Besides being educational, it can also be fun when the girls try their hands at some of the tasks in practical application.

Before starting to sew, the girls receive instructions in fabrics so that they can choose the right ones for their projects.

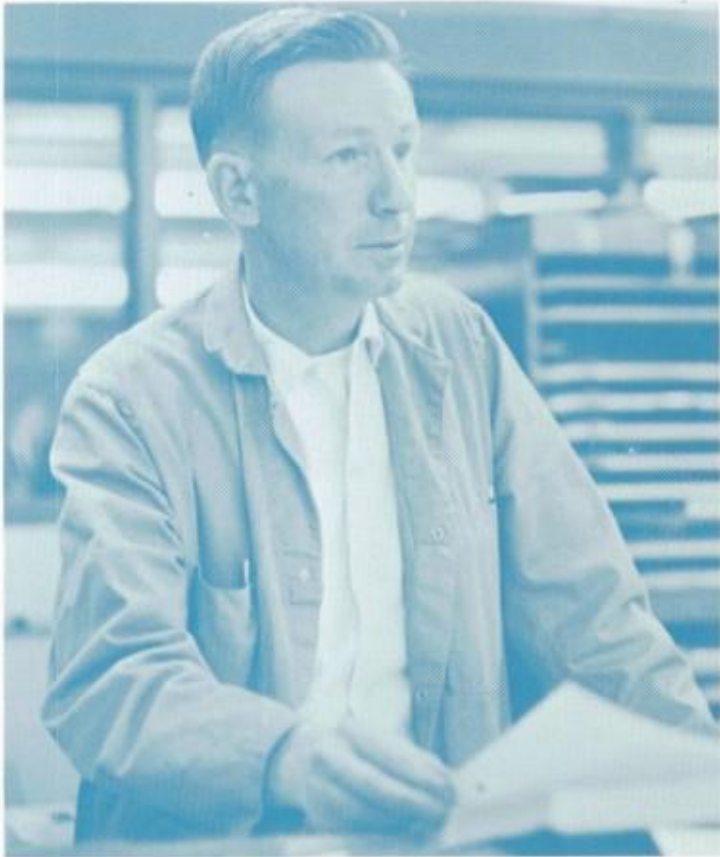

Sewing can be fun as well as economical as these girls find out.

Miss Harris has the responsibility of teaching all the aspects of Home Ec to the Sr. High homemakers.

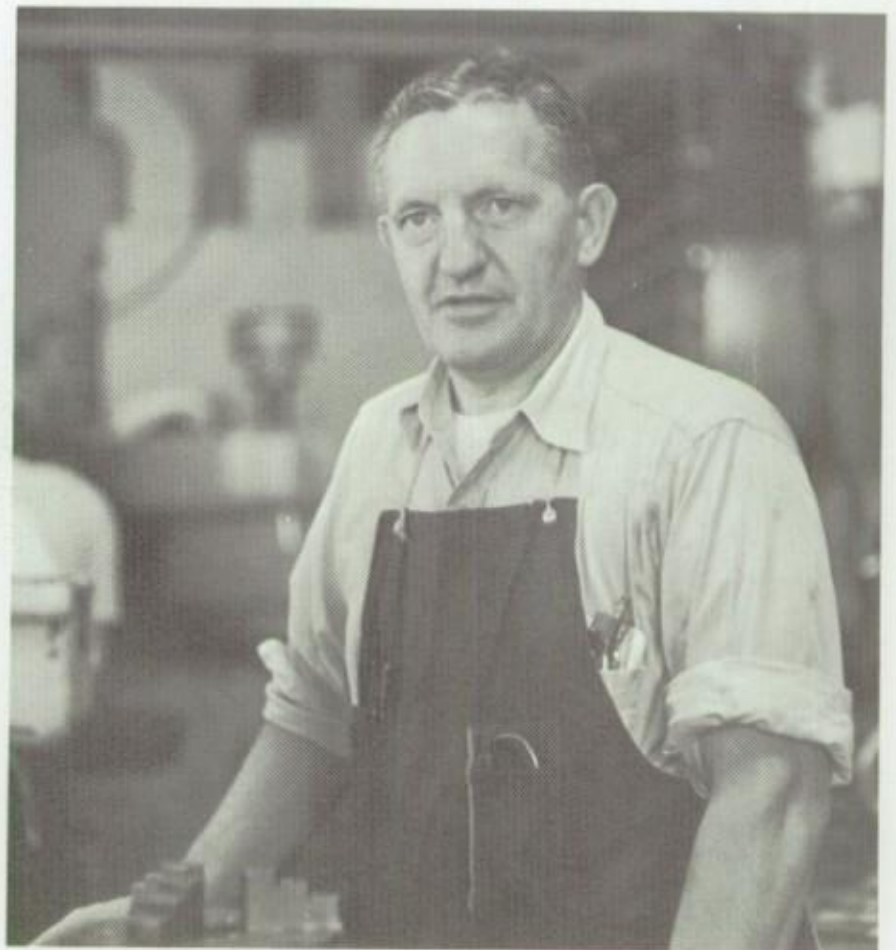

Industrial Vocations Are Stressed

The fine details of mechanical drawing are taught by Mr. McMullen.

Boy's learn much in the shop classes of Mr. Converse.

Machine operations and industrial procedure can be learned through Mr. Runkewich.

The mechanisms of a car are learned from Mr. Howard.

Mr. Nelson is responsible for teaching the varied shop classes.

Boys Profit from Auto Trade School

"America moves on wheels" --or so they say --but what happens when the wheel stops moving because of a mechanical difficulty? The majority of people usually have a big service bill to pay unless they can fix it themselves.

The Auto Trade Shop at B.H.S. is designed partially for this reason. It acquaints the boys with the basic mechanics of a car and solutions to solving difficulties that might arise. There are excellent facilities in the shop and they are very educational.

The boys learn a great deal from taking this course and most, profit very well from it. The Auto Shop is known throughout the state as being one of the best around.

Phil and Bill try their hands at installing new brakes.

Putting in a new carburetor can be hard work as Larry and Scott soon learn.

Tim and Dale practice their welding skills.

Gary and Leon are found sanding a car down for a repaint job.

Tanner and Phil are found in the midst of over-hauling an engine.

Repairing a hydraulic pump is the task facing Jerry and Ted in the picture above.

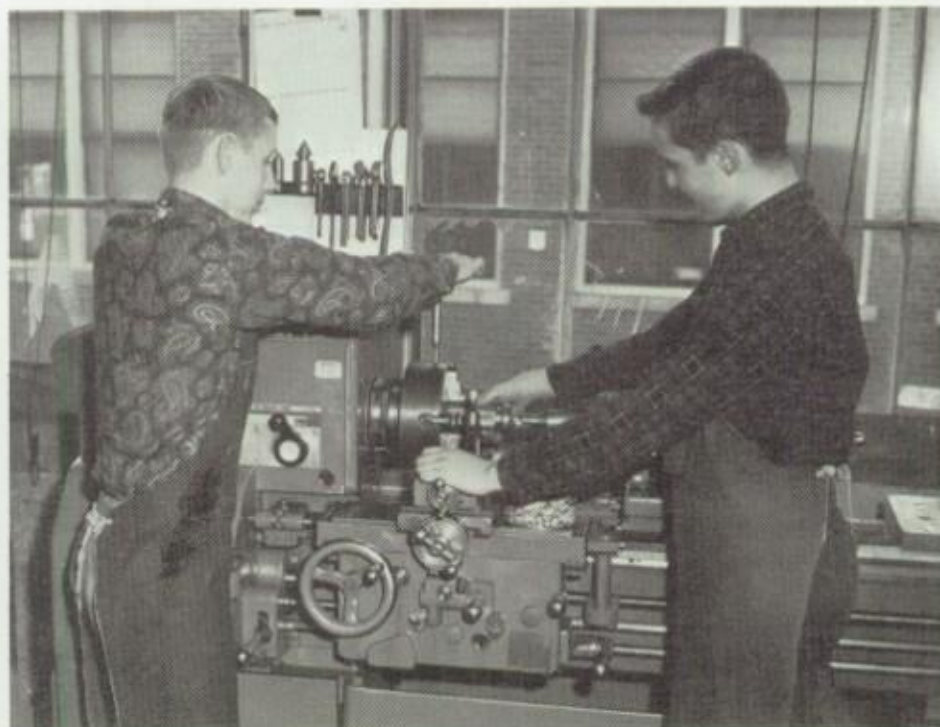

Bill and Dave learn how to properly operate an O.D. grinder in trade school.

A vertical milling machine is used by Lynn and Max in the picture above during their time in trade school.

Mike and Bob supervise the operation of the trade school shaper.

Terry and Jerry learn through experience how an engine lathe operates.

Trade School for Future Careers

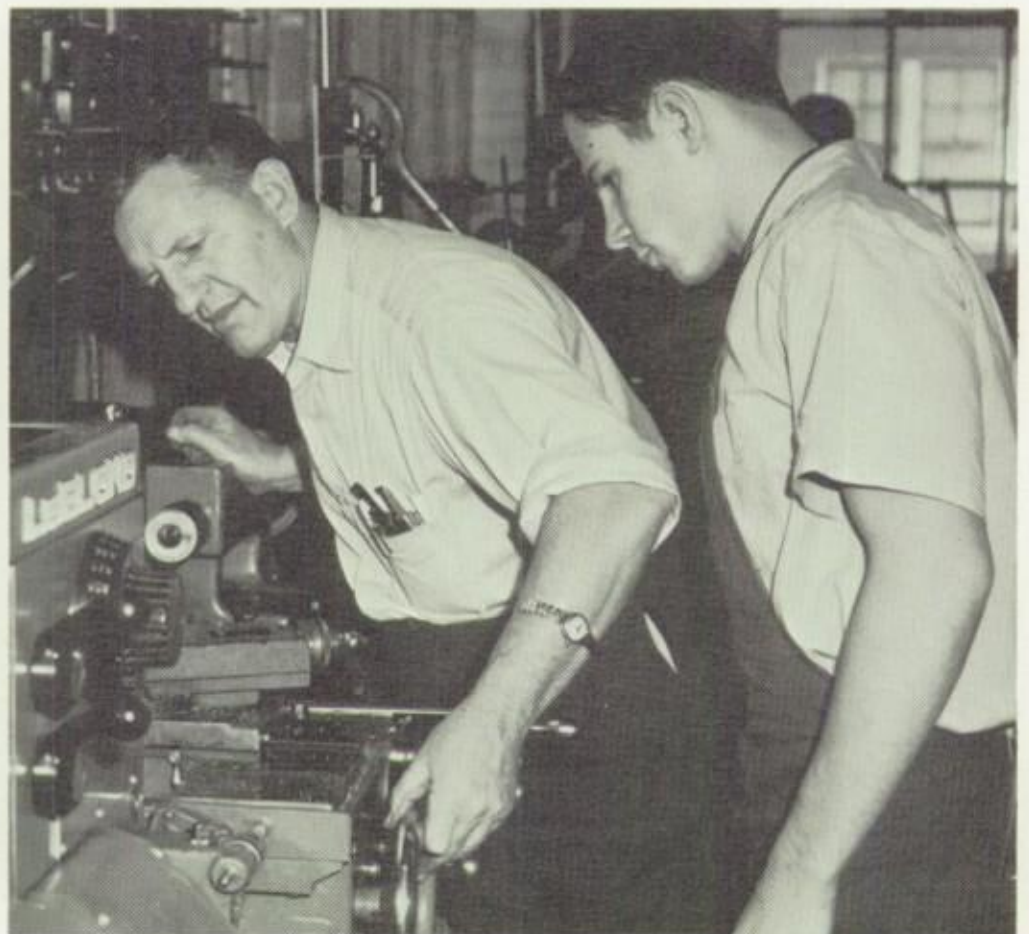

The purpose of Buchanan High's Industrial Trade School is to prepare its industrial minded students for more extensive study in college or working in a private machine shop after the students are out of school. The courses that the students take in Industrial Trade School are: blueprint reading, shop theory, shop safety, and the important mathematics involved with the machining of metals.

Along with this written work, they gain actual experience from running the machinery found in the shop and in factories in the surrounding areas. The Trade School produces parts and maintains the machines of the shop. Trade School also has opportunities to receive certain types of jobs from industries in the local area. The purpose behind the picture is to encourage students to work for themselves after they have completed their studies.

Jim and Gary are seen opposite operating a horizontal milling machine.

Mr. Runkewich lends a helping hand to Galen for operating and working the engine lathe.

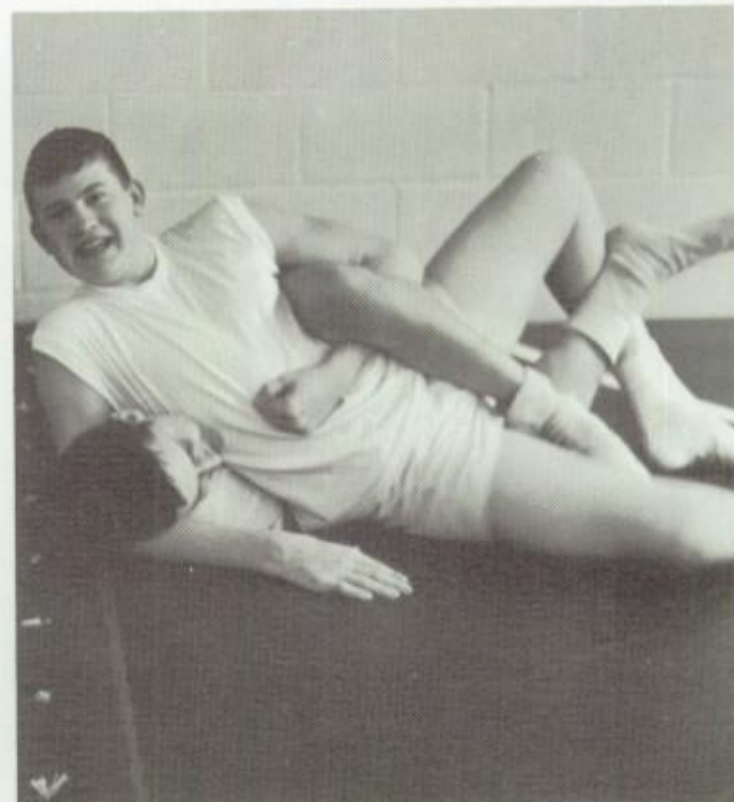

Jerry and John are viewed while operating a tool & cutter grinder.

Exercises can be fun as well as keeping figures slim.

Wrestling can be hard work but it keeps the boys hale and healthy.

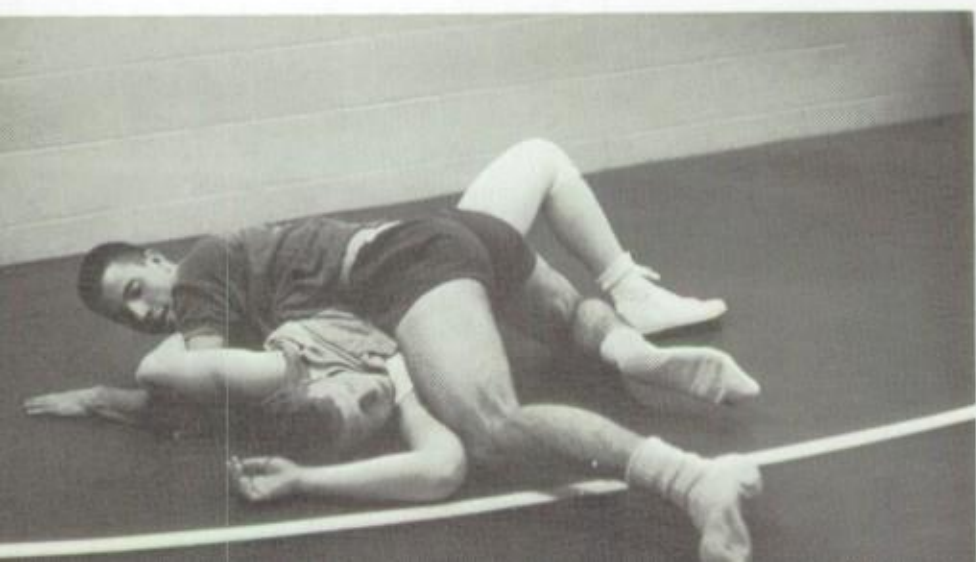

Uncle Sam's Physical Fitness

To keep B.H.S. students physically fit while academic subjects occupy their minds is the job of the physical education department at our school. Physical development as well as mental growth is important to the teen-agers of today. For this reason, a physical fitness and health program is being stressed this year.

Indoor and outdoor recreation are both a part of the program. The program includes activities such as basketball, volleyball, football, tumbling, baseball, calisthenics, wrestling, and track. They are important in developing interest in activities that stimulate the body and keep the mind alert.

Physical education classes for boys are supervised and taught by Mr. Borgert.

It looks like it's easy to do but it takes training and practice to do it well.

The hard work of exercises pays off when the pounds disappear.

Team spirit is also promoted in gym class when members are divided into sides for the various games.

Program Emphasized at B.H.S.

Miss Enders is the girls' gym teacher and adds much to the enjoyment of the class.

A rest is always good after hard work as the picture below shows.

Increased Musical Talent Shown

The vocal and instrumental music departments of Buchanan High School have produced excellent talent this year. The results have covered many phases of the field of music.

The chorus seems to grow bigger and more talented each year as the assemblies show. The Varsity Band again received straight ones and produced even more spirited tunes than in years past. The Jr. Band gives a good idea too of the future musical talent at B.H.S.

Our vocal music teacher, Mr. Rhodes, is responsible for getting more and more students to join the chorus every year.

A view of our fine marching form.

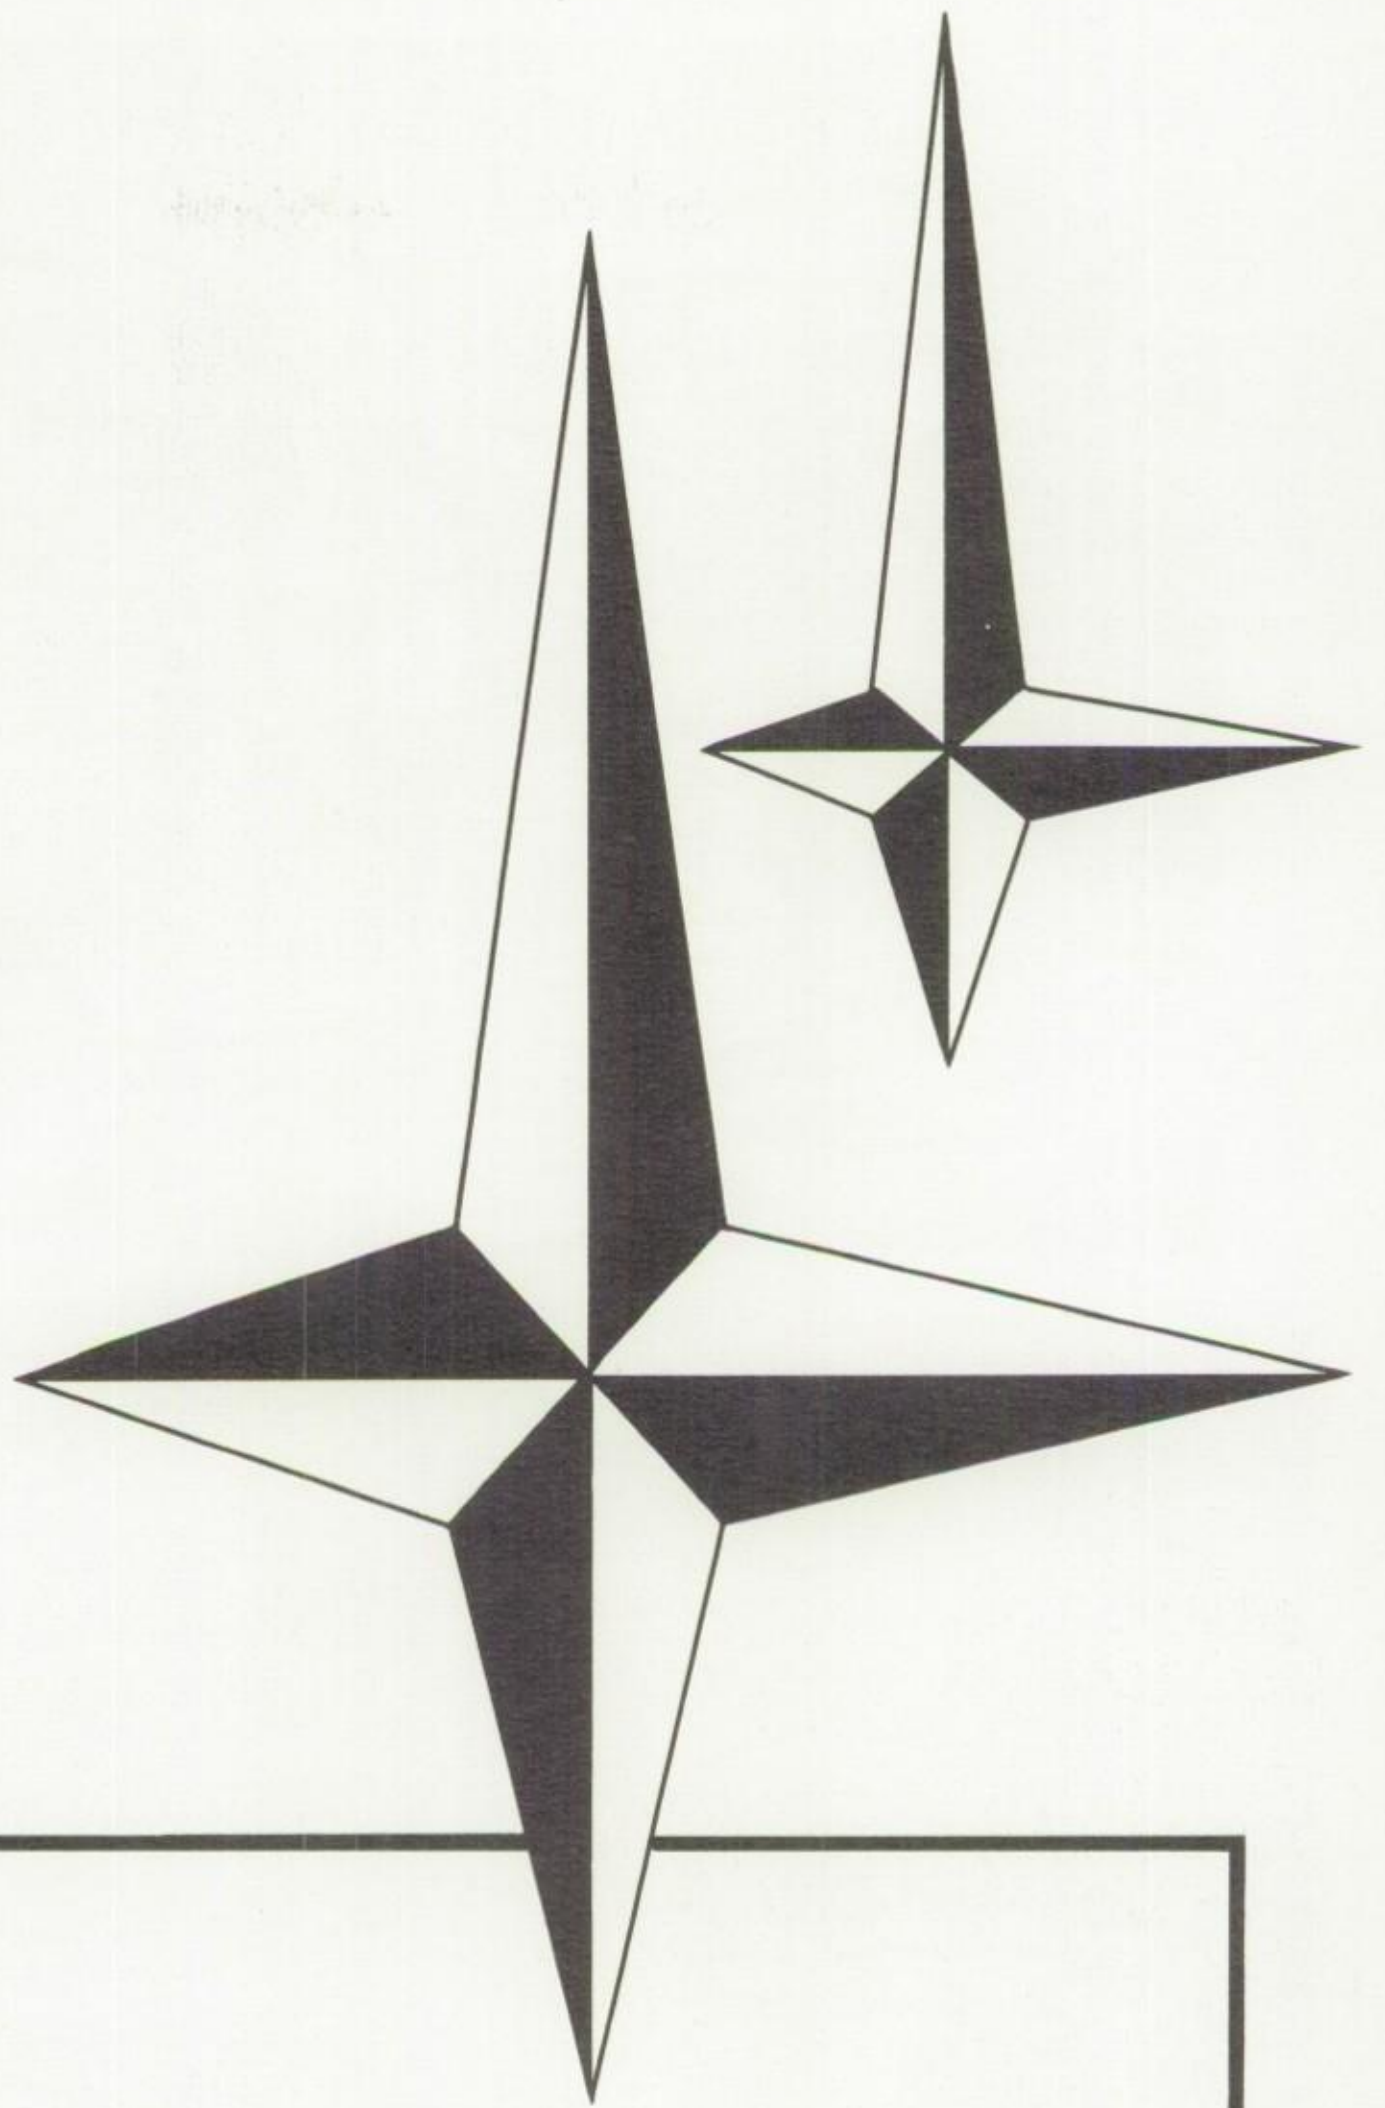

The instructor who gets such a great sound out of our Varsity Band is Mr. Demos.

Mr. Shelles has charge of the Jr. Band that some day will be the Varsity Band members at B.H.S.

FRESHMEN

Under these energetic class officers, President--Tina Williams; Vice-President--Becky Mills; Secretary--Brenda Aalfs; and Treasurer--Terry Shirley, the Frosh begin to unite as a class.

SEATED--Left to right--J. Thomas, J. Moyer, M. Wertenberger, K. Starr, S. Dodge. STANDING--J. Mitch, J. Adams, P. Wilkins, W. Conn, J. Sullivan, M. White, S. Ward, L. Christie.

A yearbook starts with a central, unifying idea that can be worked into a theme to cover the whole book. After a theme has been chosen, every page has to be planned on miniature lay-out sheets. Photography schedules have to be arranged so that deadline requirements can be met on time. Having already planned the contents of each page, they are re-drawn in triplicate with all the directions written out and then they are sent to the company. All of these are time-consuming tasks and members of the editorial staff donate a good portion of their free time to fulfill them. All their efforts seem worth it however, when the book is finally published and the fruit of their labors can be seen.

Money is obtained through the work of the business staff so that the editorial staff can have the funds with which to produce a praise-worthy yearbook. Business staff members solicit for patronage early in the fall. Completing this, they sell subscriptions through early spring.

Satisfaction is the key word for the staff members because after all their hard work, they have a yearbook to show for it.

“Buckhorn” Receives Top

Writing, editing, printing, and distributing a weekly newspaper is the task faced by the BUCKHORN, Buchanan High School's newspaper. The BUCKHORN staff members are divided into two groups with each group publishing the paper on alternate weeks. Group I editors are: News--Janet Funk; Features--Linda Metzger; Sports--Jack McClellan. Group II editors are: News--Randy Harker; Features--Nancy Schneider; Sports--John Colip.

Although much work and co-operation are needed to publish a paper each week, the hard work has paid off. Last year, for the first time in the school's history, the BUCKHORN received top recognition on a nationwide level when it was presented with a No. 1 rating in the Columbia University Journalism contest. The BUCKHORN uses its treasury, most of which is accumulated through bake sales, to sponsor two or three students each summer at Journalism Camp. Last summer, Ann Habicht and Nancy Schneider were selected to represent the BUCKHORN at the distinguished two week summer program held annually on the University of Michigan campus.

Students at Buchanan High School should be proud of their school's newspaper and add their support whenever they can. With everyone's help, the BUCKHORN can grow bigger and better with every year.

S.C. Establishes Student Democracy

One of the most important organizations at B.H.S. is the Student Council. The purposes of the Council is to establish a student democracy, to aid in the internal administration of the school, to promote general activities in the best interests of the students, and to develop a sense of loyalty, SCHOOL SPIRIT, and pride in Buchanan High School.

This year the Council consisted of thirty-five members and the four officers. The Student Council has many functions during the school year. Among its major responsibilities are regulating school dances, sponsoring holiday and special assemblies, providing transportation for students for out of town athletic events, and presenting a Christmas Dance.

Several new projects were undertaken by the Council this year too. Two of the most prominent were to School-to-School and the Shindig.

Under the guidance of Mrs. Babcock, the Council was operated very efficiently. The members practice the principles of a democratic government and learn the values of self-government.

OFFICERS--left to right--Mrs. Babcock, Advisor; J. McClellan, Vice-President; B. White, President; B. Meek, Secretary; J. Mitch, Treasurer.

A Christmas Past

The holiday spirit prevailed over the Christmas Dance of 1966 presented by the Student Council. After voting to put on a dance once again, the Council chose the theme of "Christmas Past". Decorated trees filled one end of the gym. Old fashioned decorations -- popcorn, cookies, and candy canes -- adorned the branches. The opposite end had a snow-covered mountain for its decoration. Tables with red cloths and evergreen centerpieces were found on the edges of the dance floor. Music was provided by "The Wandering Kind".

All who attended the dance agreed that the memories of it would stay with them a long time.

The group above is one of many who visited during the dance.

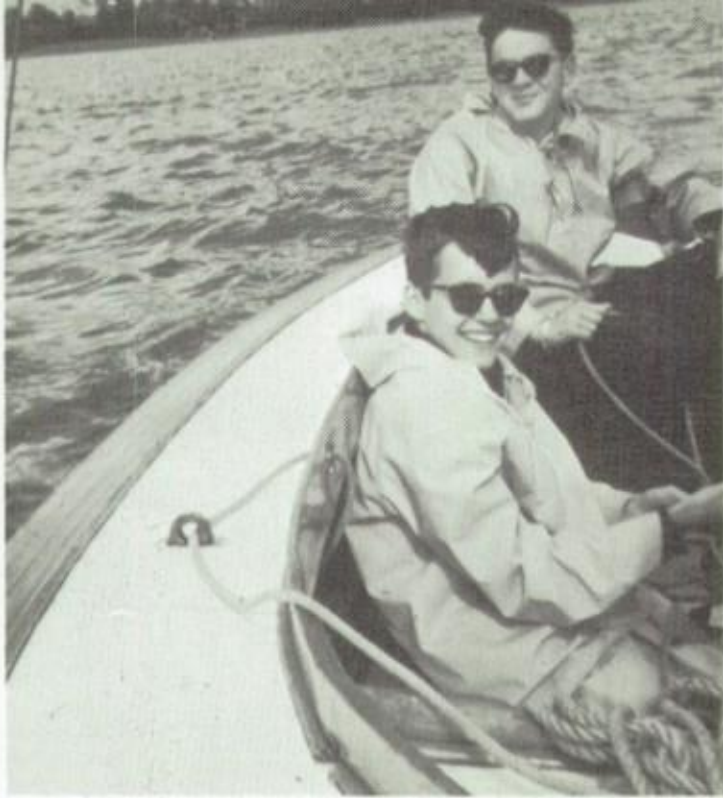

The picture above shows many of the hard-working chairmen and their dates.

The group above reflects the Holiday mood of everyone who attended the dance.

Relaxing from the dancing, the three couples opposite visit in the multi-lighted lounge.

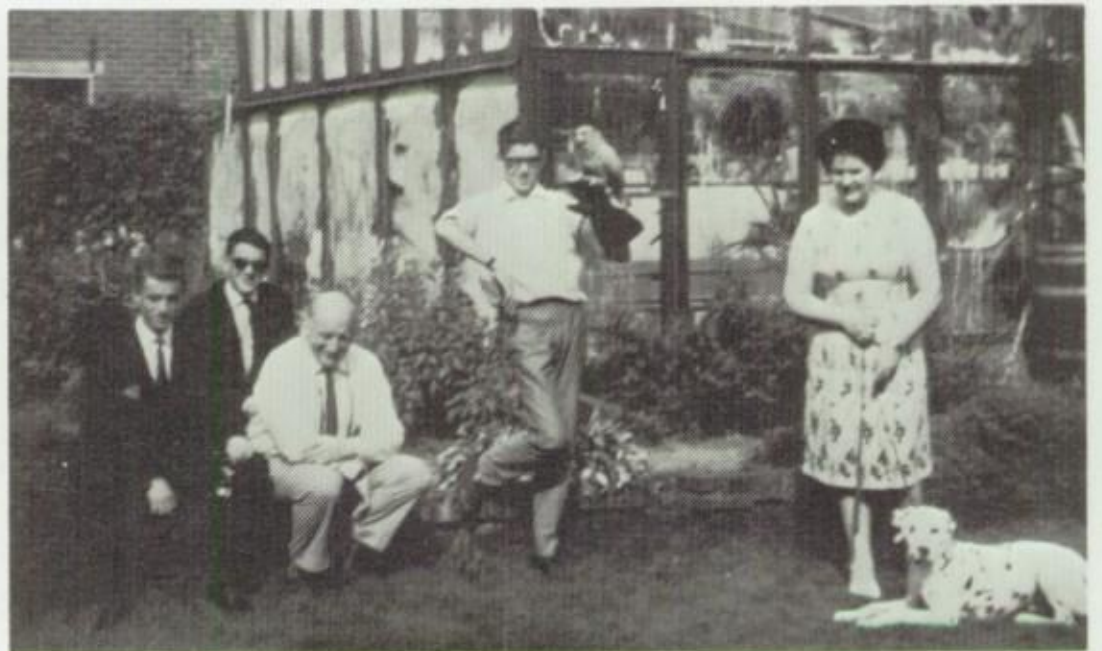

Exchange

This past summer, David Hanson spent two months in Holland under the Youth for Understanding Program. He left Detroit, June 22, on a Boeing 707 jet and landed in Amsterdam seven hours later.

A student is taken into the family as a member under the Y.F.U. program. David stayed with the Pascal de Hesselle family in Lichtenvoorde, Holland, near the German border. His Dutch father is a surgeon and his mother, a housewife. Frank, 20; Guus, 18, who is spending a year in Ypsilanti, Michigan under the same program; and Pascal Jr., 15; are his three Dutch brothers.

Although David enjoyed many activities, including a two-week camping trip, a train trip to Hamburg, Germany, and a motorcycle trip along the Rhine River; he considers meeting the Dutch people and being a member of a Dutch family most important.

Students

Janet Mitch spent two months in Sweden as an exchange student under the Youth for Understanding Teenage Exchange Program. She flew from Detroit to Copenhagen, Denmark, where she toured the city. From there she took a train to Goteborg, where she met her family.

The family with whom she stayed, the Sven Weremans, have two homes like most Swedish families. Janet spent most of her time in the Wereman's summer house in Kungsbocka on the North Sea. Their other home is in Goteborg, Sweden's second largest city.

Janet traveled throughout Sweden and Denmark with her family. One of her most interesting experiences was a three-day visit to Sweden's capital, Stockholm, where she saw the King's Palace, and Carl Mile's Gardens, which particularly impressed her.

At the end of the summer, as part of the exchange program, Janet's "sister" came over to Farmington, Michigan, where she spent the year.

Electronics Prove Useful and Interesting

FRONT ROW--Left to right: T. Gordon; Vice-Pres.; A. Mould, B. Stevens, J. Tomcik; Sec., T. Swem; Treas., Mr. McMullen; advisor, R. Nelson; Pres., D. Nespital.

During this school year the Electronics Club set several goals they hoped to accomplish and many tasks they wished to complete. As has been the custom in the past few years, the club continues to operate and maintain the public address systems and most of the other electrical equipment in the school systems.

They also had several field trips they hoped to take in order to learn even more about this fascinating area of work. Included in their plans were a visit to the Chicago Museum of Science and Industry and a tour of a television station.

The main purpose of the club for the 1966-67 school year is to purchase additional electronic testing equipment to aid them in their tasks. By doing this the club tries to be useful to the school and at the same time provide its members with an interesting project and hobby.

Students Operate Library

The membership of the library club is composed of those students who spend one or more hours a day of their regular free periods to work in the library and aid the librarian, Mrs. Hiatt in her work. In doing so they are able to learn more about the library's functions and become familiar with the various job opportunities available.

Each day the members have certain duties delegated to them for that hour. The tasks vary widely each day as new aspects of the library are presented to them.

Field trips are also scheduled so that members can view the many different types of libraries in action. They have visited the college library of Notre Dame and the industrial library of Upjohn as part of their trips.

Through their work, several club members have become interested in a library career and obtain good experience from the club activities.

Mrs. Hiatt instructs Janet on book shelving.

Cultural Interests Promoted

The Velmarian Literary Society was formed to honor Velma Dunbar, a former English teacher, and to promote further interest in the Fine Arts. Membership is restricted to members of the Senior English classes, with each class electing its own officers and holding its own meetings. Each class must give its approval for activities involving the whole group.

The club was very active during the school year of 1966-67, attending plays at Western Michigan University and St. Mary's. One of the highlights of the year was seeing the stage production of Shakespeare's "The Tempest". As a project, the members of the club produced a collection of poems and thoughts of Christmas that was distributed to hospitals and rest homes in the vicinity of Buchanan.

The club maintained its membership in the Book-of-the-Month Club and added extensively to its own library. The selected books covered many different types of literature and were found very enjoyable and interesting by the members.

Interest in the field of creative writing is furthered by the Vel-Lit's annual contest in which awards are given for the best selection in the fields of Short Story, Poetry, One-Act Plays, and Essays. It is open to both junior and senior high students who wish to submit an entry. They are judged by a panel according to grade level and topic. Many creative writers at B.H.S. are found through this contest.

F.T.A. Establishes Scholarship

Under the leadership of its advisor, Mr. Arlin Stockwell, and its officers; President, Linda Metzger; Vice-President, Lorraine Mills; Secretary, Sandra Longworth; and Treasurer, Becky Hassan, the Pierre Bailey chapter of the F.T.A. had an active and profitable year.

The club's social activities included attendance at the Western Michigan F.T.A. workshop, a Christmas party, and talks by a variety of speakers on the topic of education. The club has continued and expanded its cadet teaching program and has begun a program of private tutoring by its members.

The members of this organization who hope to become future teachers have raised money for a scholarship fund through bake sales, a car wash, and the sponsoring of a dance. The first Ella Powell Memorial Scholarship will be given to a qualified Senior member who plans to enter college for the purpose of preparing to enter the field of education. The scholarship was established at the beginning of the school year in memory of Miss Ella Powell who was the advisor of the club for many years.

To close the F.T.A.'s successful year, the club held their annual potluck dinner.

Poster above signifies the motto of all club members.

F.H.A. Sells Cookbooks

The local chapter of the Future Homemaker's of America is only one small fraction of the hundreds of clubs in the United States. The organization is extended beyond the local realm to the state and national levels. Girls who have had at least one year of high school home economics qualify for membership.

The club has several varied money-making projects each year. The two major ones are the frequent popcorn ball sales and the annual cookbooks that could be purchased; salads of every variety and appetizing meat dishes. This year a third one was made available; "Foreign Foods" that contained recipies from all over the world. Everyone who purchased a copy has found it invaluable in the kitchen.

The girls opposite are seen as they try their hands at homemaking.

SEATED: V. Kolberg, Sec.; B. Wahlstrom, Pres.; J. Beach, Treas.; J. Adams, V. Pres. STANDING: L. Sisk, Reporter; J. Moyer, Historian.

Paramedics Learn To Help Others

The need for medical personnel increases yearly. The Paramedics Club is a school organization attempting to supply this need. The club provides a means by which high school students may explore opportunities in various medical professions. It helps students to understand the advantages, disadvantages, compensations, and challenges of these fields.

The Club is sponsored by the Michigan League for Nursing. Mrs. Irma Seager, the school nurse, acts as the adult sponsor. This year's membership includes twenty-two girls. The officers are President--Janice Beaverson; Vice-President--Shirley Morgan; and Secretary-Treasurer--Polly Donley.

The girls are very active this year as in past years. Many are Candy Stripers at Buchanan Community Hospital. Both speakers and trips are planned for this year. The girls also hope to earn enough money to create a scholarship for a senior class member going into one of the numerous fields of medicine.

The girls obtain valuable experiences and many memories from their time they donate as volunteers. They also receive a personal satisfaction from being able to help others. All agree it was a year of fun for everyone in the club.

R. Jelenick (student teacher), R. Zebell, S. Lane, M. Ferris, and L. Aalfs.

F.F.A. Gives Community Service

The Future Farmers of America is a national organization of boys who are enrolled in one or more of the high school courses of vocational agricultural.

The primary goals of the local chapter are to develop good citizenship attitudes, leadership skills, and agricultural abilities.

The local chapter membership has been active in field crops production, land judging contests, and in leadership contests during the past year. Their ten acres of corn was a profitable venture. Gold awards were earned by the public speaker and the parliamentary procedure team. A silver award was granted to the forum team at the leadership contest.

The chapter engaged in school ground beautification and other community service events. A "safe corn harvest" campaign was conducted in the fall, and a campaign to encourage the use of "slow moving vehicle" signs on tractors was initiated.

Tom Hammond and Jerry May were chosen as delegates to the state F.F.A. convention which was held at Michigan State University in March.

G. Nye (student teacher), J. May, F. Luke, R. Gwin, T. Hammond, C. Smith, and B. March.

FRONT ROW: Miss Sheldon (advisor), G. Price, L. Robinson, S. Ward, O. Clemans, S. Morgan; SECOND ROW: P. Tucker, J. Hattenback, D. Nolden, J. Thomas, J. Bradley, R. Starnes, C. Schrimsher.

Service Is the Usher Club Motto

The purpose of the Usher Club at Buchanan High is to render services at the various school functions and assist in making things run more efficiently. By volunteering much of their free time, the ushers make activities more enjoyable for everyone.

They offer their services for such functions as football games, basketball games, pep rallies, assemblies, holiday services, plays, concerts, etc.

The organization's membership is limited to the junior and senior classes. A point system has been established by which members are accredited for each service performed.

An award for the Outstanding Usher is awarded each year to a deserving senior member and it is a goal that every usher hopes to achieve. The award is given to the member who displayed the most interest and participation during that year.

A new feature that was added to the club was the adoption of maroon uniforms for all club members. A pattern was selected and each member made their own uniform which served to be an attractive addition to the club.

Canadian Trip Is Goal . . .

FRONT ROW, left to right: L. Moore, L. Hanson, M. McClellan. SECOND ROW: K. Thresher, L. Kelley, C. Couchman, P. Gill, A. Newens, R. DeSomer, D. Bennett, S. Sanford, J. Stelter. BACK ROW: A. Nelson, T. White, D. Roti Roti, D. Russell, J. Leggett, D. Newsome, C. Donley, J. Hagey, T. Williams, D. Smith.

As the custom in the past has been, the French Club's membership has been restricted to those students taking third and fourth year French.

Under the supervision of Miss Rhys, the French Club has learned a great deal about the country, its customs and its history. The club meets bimonthly on Monday afternoons where they conduct all their business and discussions.

The club is looking forward to many money-making projects which will enable them to reach their goal of a trip to Canada. Such projects include bake sales, dances, car washes, dish cloth sales, and a school pin sale.

Everyone hopes their sales will be a big success so that they will be able to tour the various parts of Canada.

All the foreign language classes make use of the lab equipment.

President, Terri Shirley; Vice-President, Judy Conn; Miss Rhys, Advisor; Secretary, Mary Alice Hanson; Treasurer, Linda Snelson.

Additional Knowledge Gained

The Spanish Club of B.H.S. has its membership made up of all the students of First and Second year Spanish students. Its purpose is to provide its members with a little more knowledge and understanding of the Spanish language and customs.

Usually conducted through the classes, the meetings provide its members with more background in Spanish. All members seem to profit well from these lectures and find them fun and enjoyable too.

Roman Customs Learned

The Latin Club of Buchanan High School's membership is limited to the Students taking Latin I or Latin II classes during that school year.

The purpose of the club is to give the members an opportunity to work together as a unit in social events of which it is the sponsor. Secondly, the Latin Club is a peep-hole through which the members can obtain an idea of Roman culture and the Roman way of life.

This is especially true at the end of the year when the club has the traditional Roman Banquet. At the banquet, the second year students are fed and attended by their personal slaves--the first year students. The Roman customs of food, clothing, and manner are followed by the members. This is their big taste of life as the Romans lived it and it isn't too bad (if you're a second year student).

The forty-five members of the High School Glee Club, under the direction of Mr. Rhodes, spent a profitable and active year.

The choir spends much of its rehearsal time in vocal training and the remainder in preparing for performances. The performances included singing for the holiday assemblies, the Community Christmas concert, the Spring Fine Arts Festival, and Graduation Exercises.

As one of their social activities, the Glee Club sponsored the "Fling Ding"--a musical variety show including area combos, folk-singers, and other musical groups. The proceeds from the program were used to present the Eastern Michigan University touring choir in an assembly for the student body.

Thus the Glee Club concludes its year of activities and looks forward to an equally successful next year.

Practice makes perfect as the Glee Club well knows.

More Participation in Orchestra

The school year of 1966-67 was a year of improvement for Buchanan's "young" orchestra. Under the direction of Mr. Demos, the forty-five piece orchestra performed at its third District Festival and for the first time was featured in the Mid-Winter Concert. The orchestra also provided music at the Baccalaureate and commencement exercises.

The orchestra looks forward to a promising future with all of its string section returning next year. Each school year seems to bring more and more talented students to the orchestra and Buchanan continues to develop a bigger sense of pride in it.

A typical noon-hour practice rehearsal.

Band Receives Straight

The Symphonic Band of B.H.S. with its "new look" provided Buchanan with the best of music and provided its 93 members with many memorable experiences. The band started its year before school opened with two weeks of summer band. Then during the football season, the marching Bucks presented six half-time shows and received straight "I"s for their division rating at the District Marching Festival which they hosted here at Buchanan this year.

The concert season opened when Mr. Demos led the band in two Christmas concerts with the combined school choirs. Individual members participated in the annual Solo and Ensemble contest and carried away many honors. The band, which had outgrown the auditorium stage, presented the successful Mid-Winter and Spring Concerts in the gymnasium. After the District Festival in March, Buchanan "exchanged" concerts with the South Haven band, providing both schools with assemblies.

Spring activities included the State Festival, Blossom Parade, and their final appearance at the Honors Convocation.

All in all, the 1967 Symphonic Band had a very profitable and memorable year.

TONE SAXOPHONE--L. Heiney; CORNET--L. Mills, G. Walleth, J. Russell, S. Schneider, P. Donley, S. Hamilton, C. Vigansky, C. Funk, D. Nespital, T. Morlock, K. Swaim, K. Gordon, S. Harrington, S. Cramer; FRENCH HORN --B. White, S. Shrider, T. Gordon, P. White, C. Greene; TENOR TROMBONE--D. Hanson, P. Gill, B. Mills, M. Dunbar, M. Wood, T. Rundborg; BASS TROMBONE--P. Gill; EUPHONIUM--P. Couchman, J. Ervin, D. Hassan, J. Schoff; TUBA--J. Smith, T. Arend, W. Hall; PERCUSSION--J. Riley, J. Proceus, M. Wessendorf, D. Smith, B. Fabiano, M. Mitch, R. Stuart; LIBRARIAN--L. Christie.

"Ones" as Rating

A No. 1 trophy was received.

Cooper, R. Habict, D. Haedtler; BARITONE HORN--V. Armstrong; BASSES--M. Burks, B. Davison, T. Hassan; STRING BASS--T. Hassan; PERCUSSION--B. Aalfs, J. Clark, J. Lauver, D. Morris, G. Wertenberger, D. Vigansky.

Junior Band Grows

The Junior Band under the direction of Mr. Daniel Shelles, started out the 1966-67 school year with a football game half-time show called "Say It With Music". After marching season, the band split up into two groups; the intermediate band, with 21 members, and the Jr. Band with 50 members.

The Jr. Band's activities, besides the final marching show, included the Mid-Winter Concert, The Band and Orchestra Festival, The Spring Concert, The Tag Day Parade, The Halloween Parade, The Little League Parade, The Memorial Day Parade, and an exchange with another school.

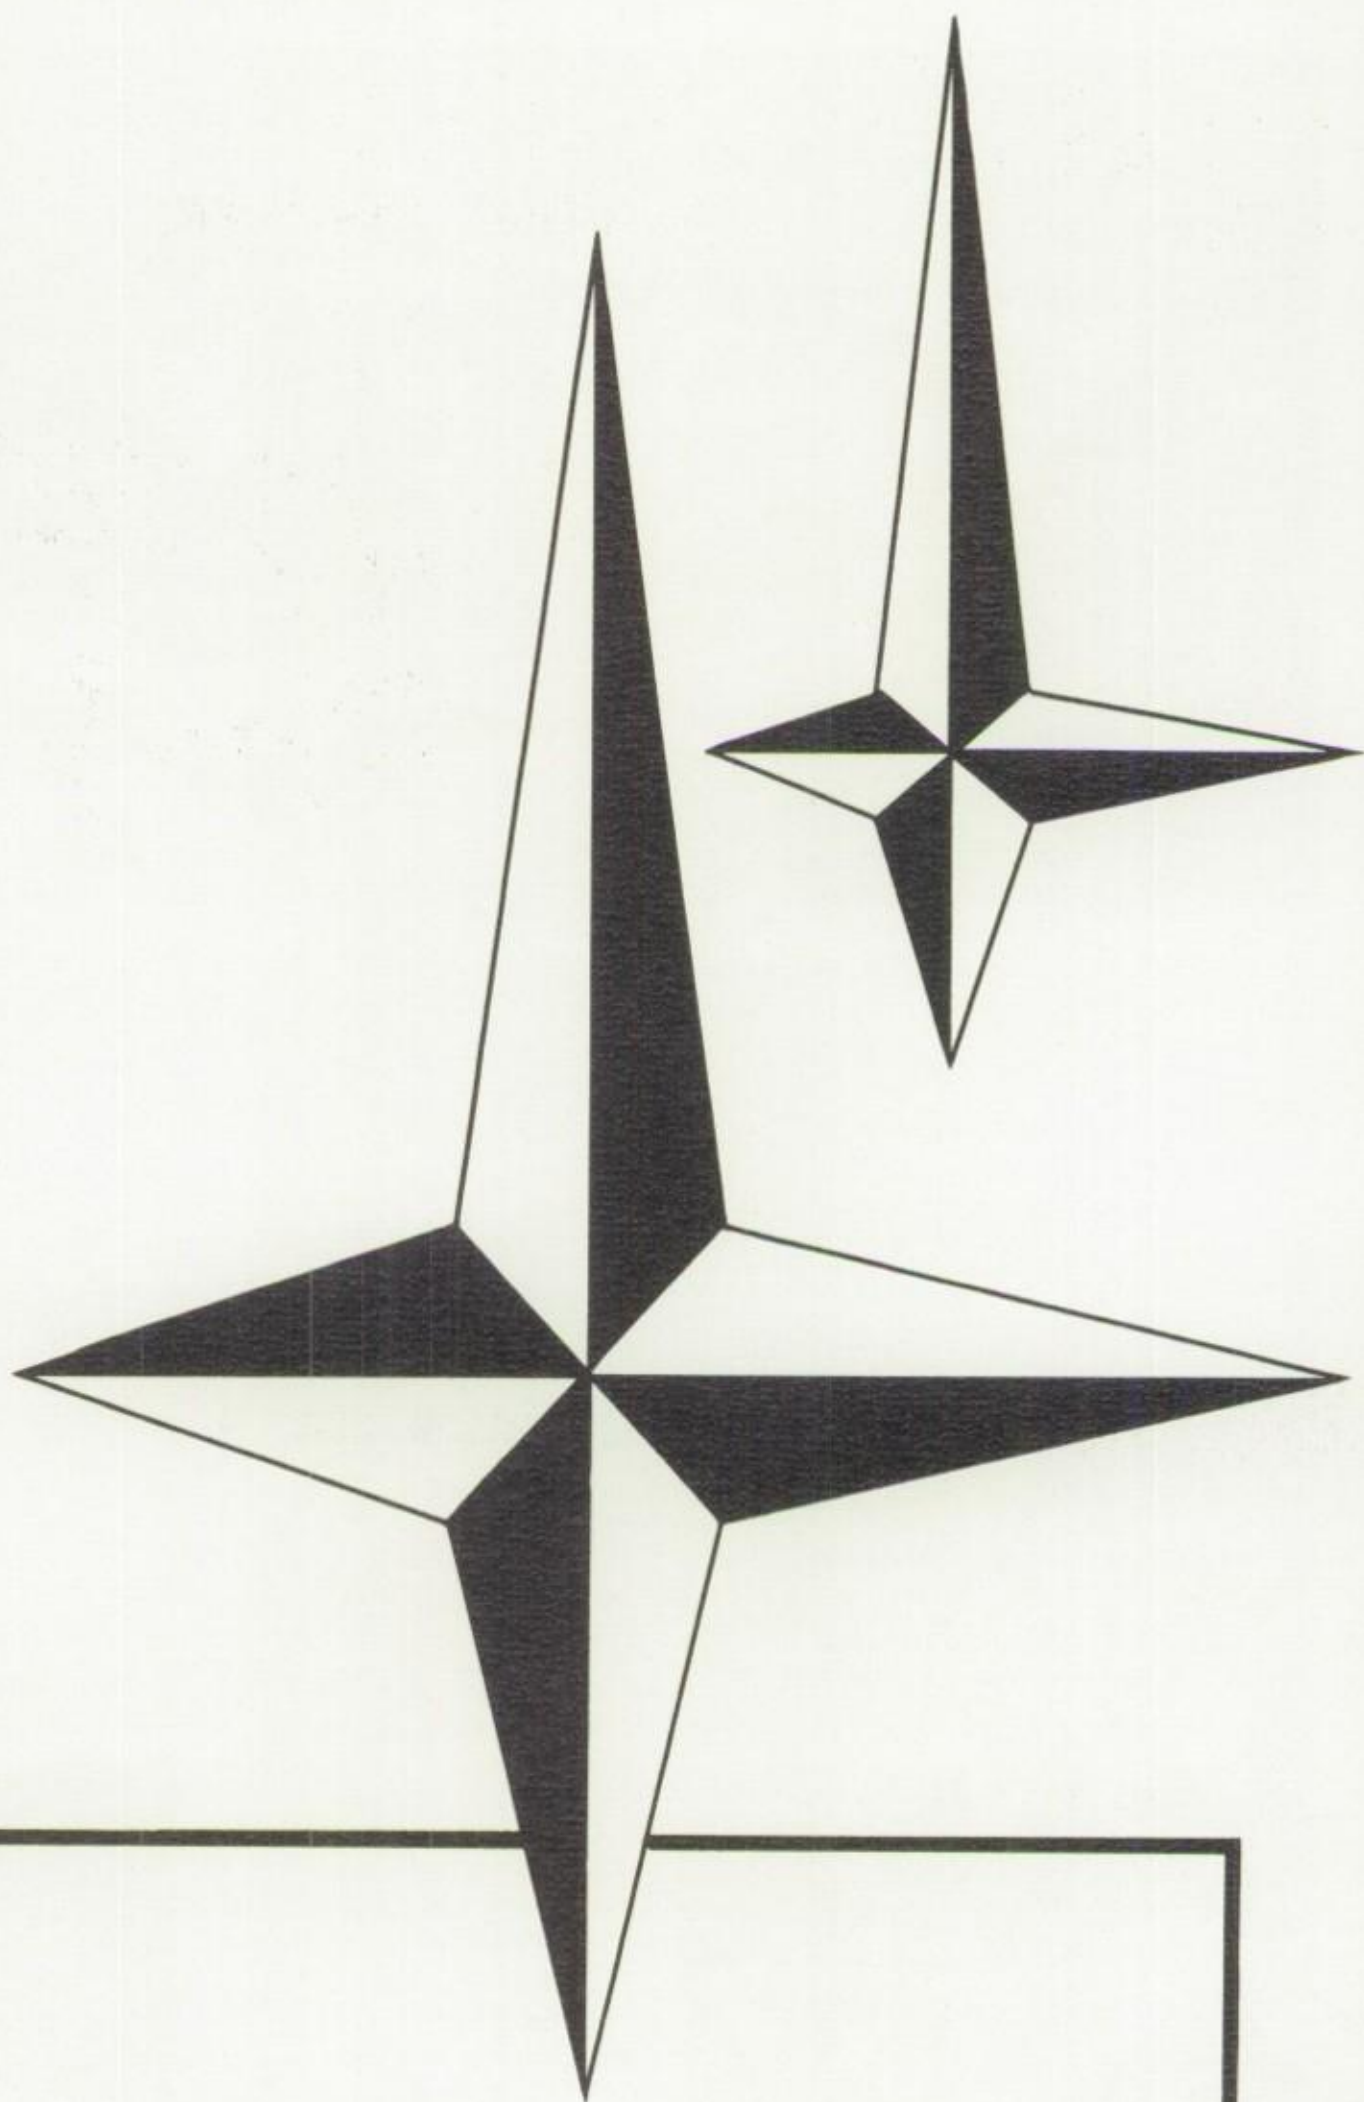

The Junior Band functions primarily as a training unit during most of the school year, but much is to be gained socially as well. An annual event is the end-of-the-year picnic held at Tower Hill for all of the members.

G.A.A. Promotes Sportsmanship

The Girls' Athletic Association at B.H.S. is formed to promote sports and sportsmanship among girls. Various activities are held to help add to these attitudes. Some of their activities include softball, basketball, bowling, and badminton. Special activities include bike hikes, entering a float for homecoming and overnights.

Money for the club is raised from operating a concession stand at football and basketball games. The highlight of the year is the annual G.A.A. week-long initiation. It proves much fun for both the girls being initiated and the girls who are already members.

Under the leadership of its officers; President--Sue Barnes; Vice-President--Sue Ferris; Secretary--Betty Bailey; and Treasurer--Terry Coffel, the club enjoyed many memorable experiences.

Was initiation worth it all, Judy?

One of the many antics the girls were compelled to go through before they were inducted as members.

"B" Club Goal of Letter Winners

OFFICERS--C. Falkenstein, (Vice-Pres.); B. Babbs, (Sec.); L. Elliott (Pres.); & C. Hubbard, (Treas.).

One of the "worms" more distasteful tasks is polishing others members shoes.

The membership of Buchanan's "B" Club is limited to those boys who have participated in varsity athletic competition and won a varsity letter for that year. The boys also go through a week-long initiation to be eligible for club membership.

The initiation can be either fun or agonizing, depending on whose side you view it from. To the spectators and boys who are already members, it is a source for many laughs. But for those who are being initiated, it can be miserable. The "worms", as they are called, are made to wear mismatched clothes, shine other members shoes, carry their books, and perform many other distasteful tasks. Everything's worth it though when you're finally a member.

The club stands for four basic principles: citizenship, leadership, scholarship, and sportsmanship. It is with these goals in mind, they strive for a better understanding among the students of B.H.S.

FRONT ROW--left to right--J. Dick, M. Pruett, M. Gooch, L. Bagwell, C. Falkenstein, L. Elliott, B. Babbs, J. Rumsey, M. Kraus, S. Banke, L. Watson. SECOND ROW--B. Mills, T. Blevins, B. Hoven, B. Brown, C. Hankerson, J. Anderson. FOURTH ROW--L. Tilly, P. Hinkle, R. Coffel, B. Travis, G. Elliott, A. Hicks, D. Stelter, P. Jochems, M. Schrock, B. Stibbs. FIFTH ROW--J. House, B. Money, B. Pelkey, J. Stibbs, R. Marbeiter, T. Jorgenson, P. Sexton, L. Davidson, J. Hubbard, W. Francis. BACK ROW--R. Hassan, O. Brown, P. Falkenstein, E. Critten, P. Witt, Mr. Montgomery, (Advisor), T. Walker, B. Rauch, D. Newsome, A. Kyles.

Cheerleaders Promote

Varsity Cheerleaders--left to right--S. Decker, P. Heiermann, T. Swetish, P. Norris, S. Shoemake, and K. Starr.

The cheerleaders at B.H.S. symbolize a special group of girls in the student body. They are the only girls who are permitted to represent the teams in athletic events by wearing maroon and white.

Cheerleaders are chosen in the spring for the following year. Their purpose is to promote school spirit and encourage students to show pride in their teams and school.

Cheerleading is a very rewarding, enjoyable, and sometimes hard job. It takes many hours of practice to do a really good job of representing Buchanan High School's spirit and pride.

All the cheerleaders at B.H.S. hope they represent the best of the school to everyone and prove that their school is really the greatest.

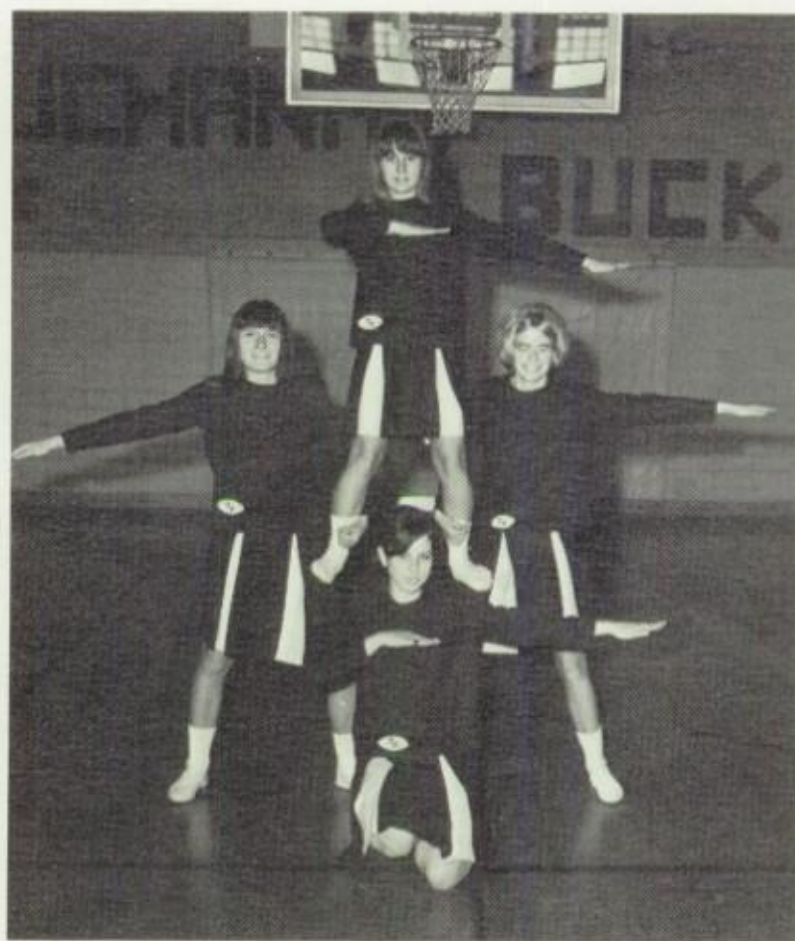

These two candids show how hard the cheerleaders work at a Pep Rally.

School Spirit at B.H.S.

The season started by cheering at football games.

Frosh Cheerleaders: T. Shirley, M. McClellan, J. Holcomb, B. Aalfs.

J.V. Cheerleaders--l-r--M. DeWitt, C. Tees, C. Berry, P. Aalfs.

The happy faces of the girls mirror the fun cheerleading can bring.

FRONT ROW--Left to right: J. Jorgensen, Manager; O. Brown; C. Kyles; J. Warren; E. Critten; B. Hoven; H. Miller; M. Travis, Manager; SECOND ROW: B. Babbs; J. Dick; A. McKinney; C. Falkenstein; J. Rumsey; C. Hubbard; L. Elliott; L. Watson; J. T. Williams; T. Pierce; F. Brown; D. Stelter; THIRD ROW: Assistant Coach

“Bucks” Break Record for Consecutive Wins

With an outstanding season in '65 the Bucks came into the '66 season with a record of 24 straight wins.

With the loss of Coach Karpinski, many people felt that the Bucks would have a rough season, but with the acquiring of Coach Borgert from Niles this was proven to be false thinking.

There were many exciting moments during the season, the beating of Niles, an annual trial of wits and brawn, the many close games, and finally the loss to Dowagic which saddened the spirits of all Bucktown.

With the fine stability of the Bucks and outstanding coaches the Bucks will be back next year fighting to bring a perfect season record back to B.H.S.

Stockwell; Assistant Coach Proud; R. Dockery; J. Hubbard; D. Handley; M. Gooch; S. Banke; T. Miller; A. Hicks; P. Hinkle; R. Coffel; P. Sexton; C. Hankerson; L. Bagwell; A. Kyles; B. Howe; Coach Borgert; FOURTH ROW: L. Tilly; B. Travis; L. Davidson; R. Hassan.

<i>B</i>	. . . 13-7	Brandywine
<i>U</i>	. . . 58-7	Berrien Springs
<i>C</i>	. . . 42-14	Edwardsburg
<i>H</i>	. . . 13-7	Niles
<i>A</i>	. . . 7-0	River Valley
<i>N</i>	. . . 13-0	Coloma
<i>A</i>	. . . 47-0	Lakeshore
<i>N</i>	. . . 36-0	Cassopolis
	. . . 7-14	Dowagiac

Yardage is picked up by Francis Brown against the Niles team. This game was one of the hardest fought because of the age old rivalry between our two towns.

Bill Babbs gives an all important second effort but to no avail. Lakeshore is making sure he doesn't get away this time.

Hayward Miller sets his sights high and shoots for a goal followed closely by the River Valley defenders.

Bill Babbs strikes again and this time pulls down the Cassopolis ball carrier.

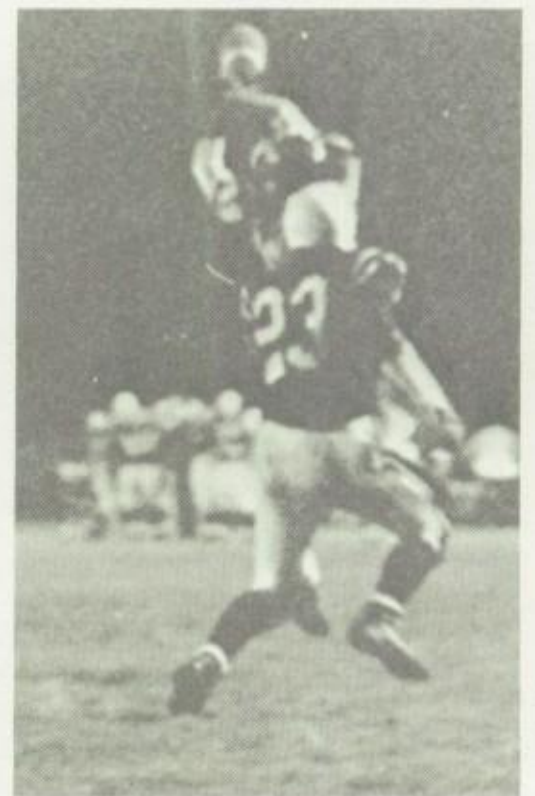

Bill Babbs (87) gets the football and then looks for an opening. Two Berrien Springs defenders are near enough to be a threat to the play. The referee watches closely for any foul moves.

Allen Kyles goes down when he is trapped by one of the Bobcat defenders. If at first you don't succeed try, try again.

A teammate reaches out his long sticky fingers and pulls in a pass. Allen Kyles stands in reserve to give plenty of protection.

Practice means work and sweat but it pays off in the games. Pat Sexton, Dave Stelter, and Mike Gooch will tell you that.

When coach says practice that's just what you do. You make a play over and over again until it is done right.

FRONT ROW--left to right--R. Needam, J. Rundborg, O. Brown, B. Money, T. Lake, J. Garmire, D. Topash, R. Brown, D. Dill, Coach Wishart. SECOND ROW--J. Wagner, W. Francis, S. Smith, J. Stibbs, E. Sisk, B. Glossinger, R. Turner, D. Brown, G. Elliott, R. Backus, E. Bailey. BACK ROW--B. Davis, W. Dockery, R. Gridley, B. Batchelor, B. Ruff, J. Backus, J. Greening.

J.V.'s Have Trying Season

After winning its first two games, the Junior Varsity football squad lost six in a row to have one of the worst seasons ever for a J.V. team. Injuries, bad breaks, and lack of enthusiasm were chief problems for the team as they were weak in all these departments.

After pounding Brandywine 23-12 and Berrien Springs 37-0, the Bucks lost a heartbreaker to Edwardsburg and after that couldn't get back on the winning track.

Led by Rich Backus and Gary Elliott on offense and Bob Money and Eugene Bailey on defense the Bucks held most opponents to under 20 points per game while scoring around six themselves.

Frosh Team Up and Coming

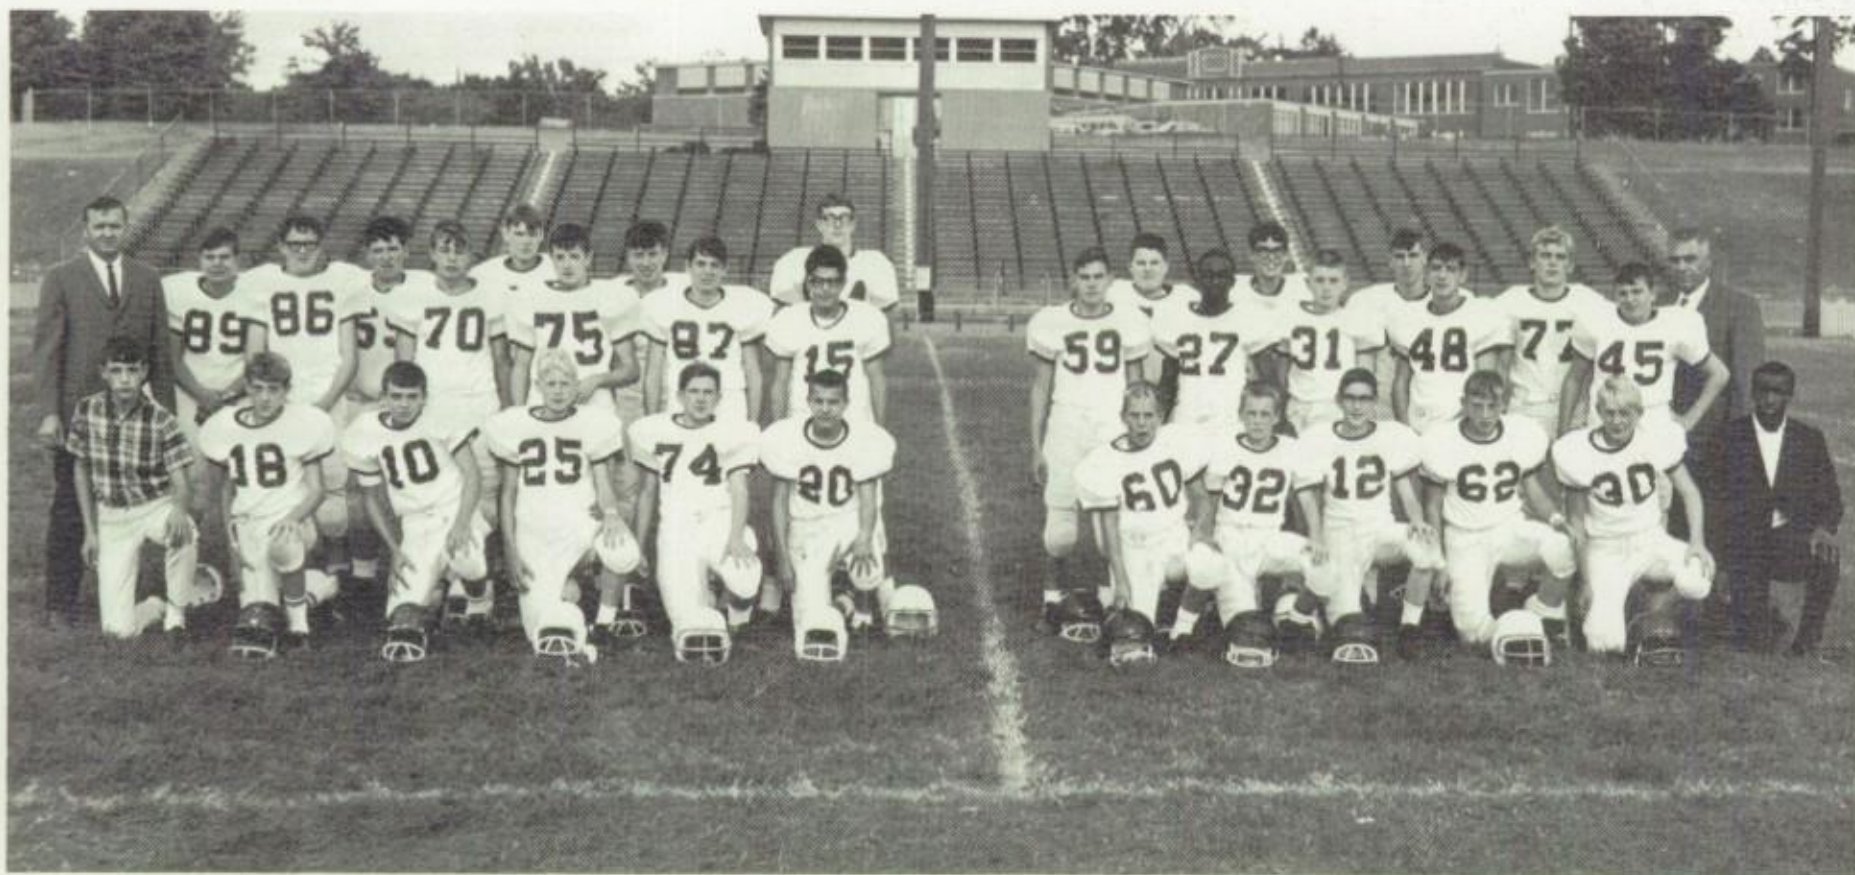

You can idolize your Bobby Hull of hockey or your Wilt Chamberlain of basketball but for the Freshman of Buchanan High it's the excitement of the Frosh football games that brings people out in the worst kind of weather. Their average record of 3 wins, 2 losses and 1 tie, wasn't as great as Roger Morris' 63 home runs but it always brought the fans to their feet to watch an exciting finish.

Their three wins were over River Valley 19-12, Lakeshore 13-6 and Brandywine 38-13.

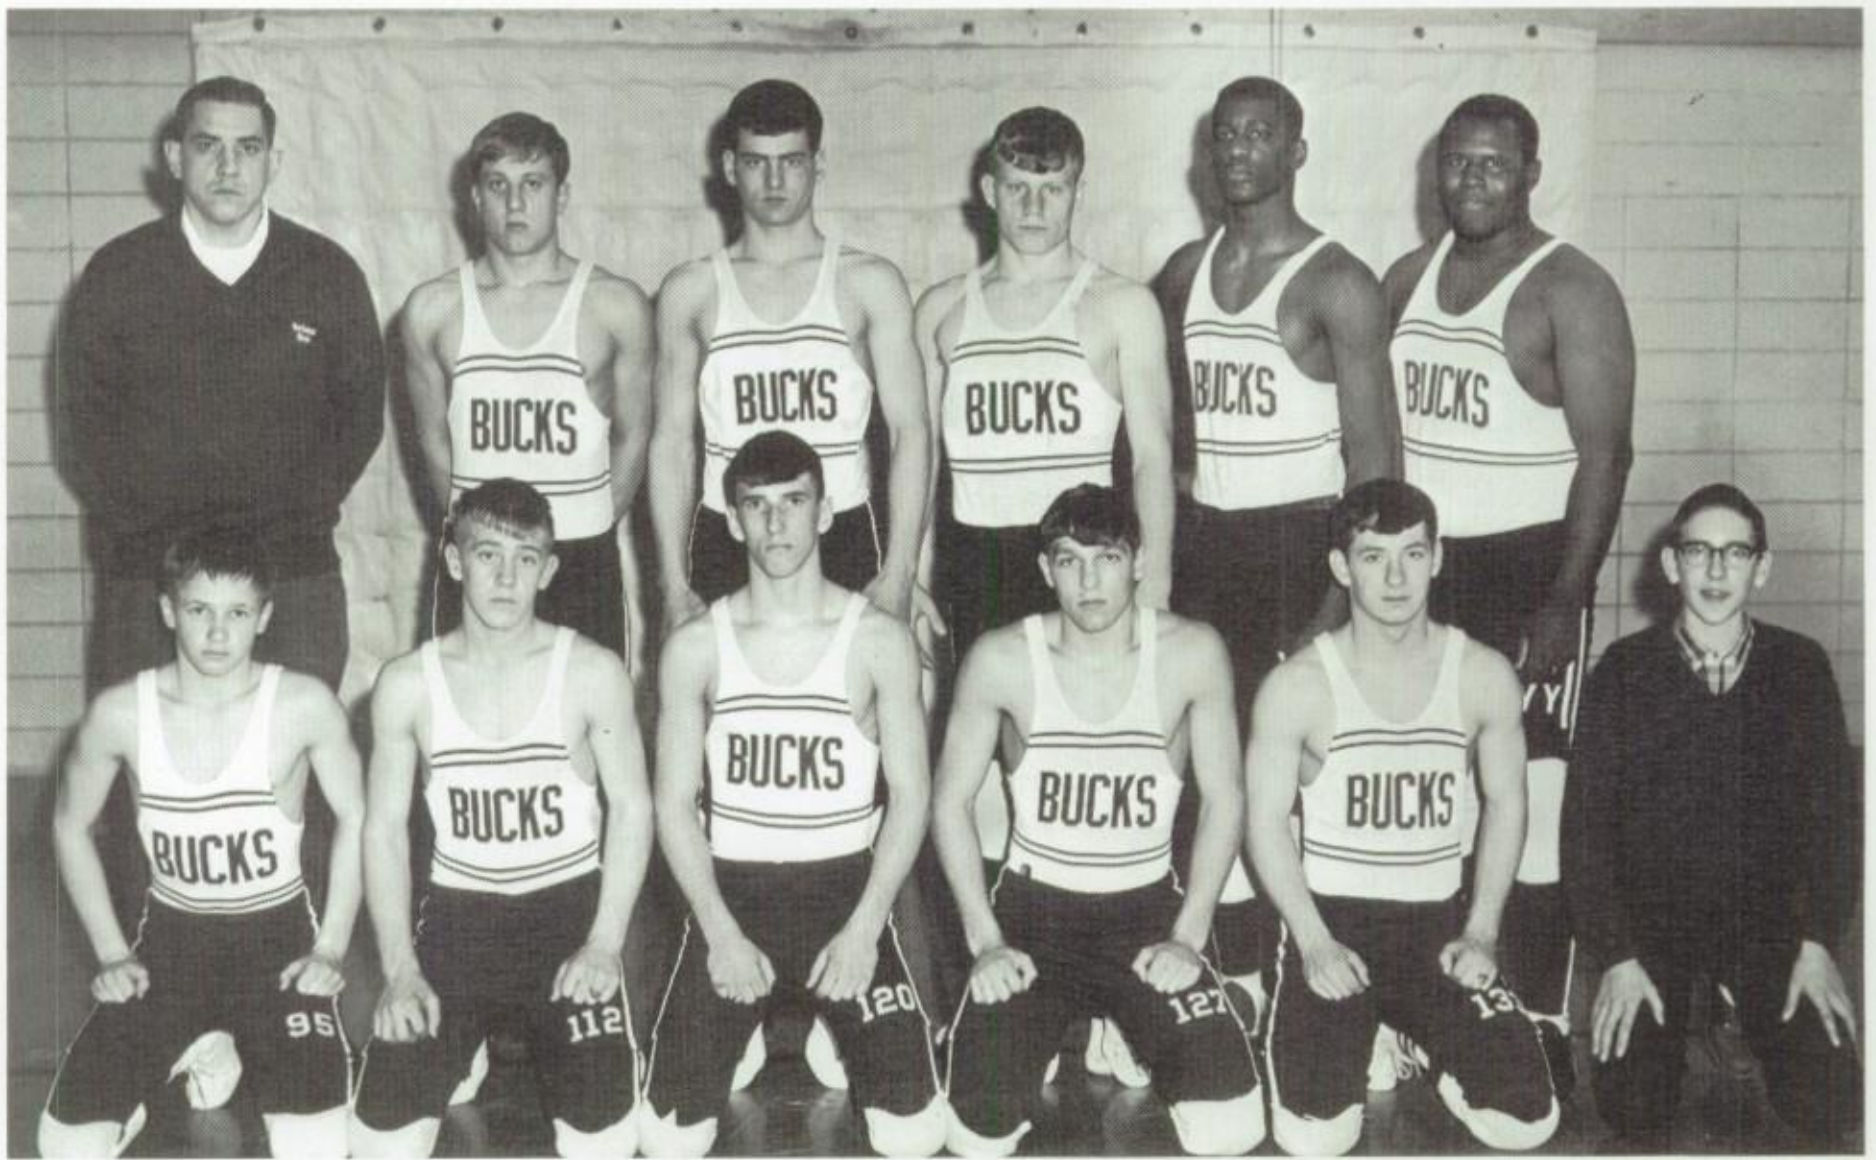

The two losses were stolen by the Niles Junior Highs; Ballard and Ring Lardner. The scores of those two games were 15-0 and 31-12.

The only team measuring exactly equal to Buchanan's Freshmen team in the scoring department was Dowagiac. The game ended in a 13-13 stalemate.

Coach Berry deserves a pat on the back for whipping these boys into a fine ball team. Also the players deserve the same for their will to win.

FRONT ROW--left to right--M. Lotsbaich, R. McMullen, S. Berry, M. Hanlin, J. March, J. Bagwell, L. Vlasick, J. Kolberg, L. Ferris, D. Chappel, C. Chappel. SECOND ROW--Coach Berry, J. Huling, J. Kley, C. Riggins, M. Nosker, M. Rosseto, J. Quick, R. Thompson, R. Brinkley, V. Backus, B. Dokey. BACK ROW--T. Castle, A. Hambrick, J. Clark, M. Benjamin, D. Hassan, W. Casto, M. Blevins, S. Klingerman, R. Hess, Coach Roti Roti.

FRONT ROW--left to right--R. Marbeiter, R. Gwin, R. Spaulding, D. Hanley, M. Kraus, Manager L. Ferris.
BACK ROW--Coach Borgert, O. Brown, E. Bailey, B. Glossinger, J. T. Williams, C. Hubbard.

Wrestlers Wrangle High Honors

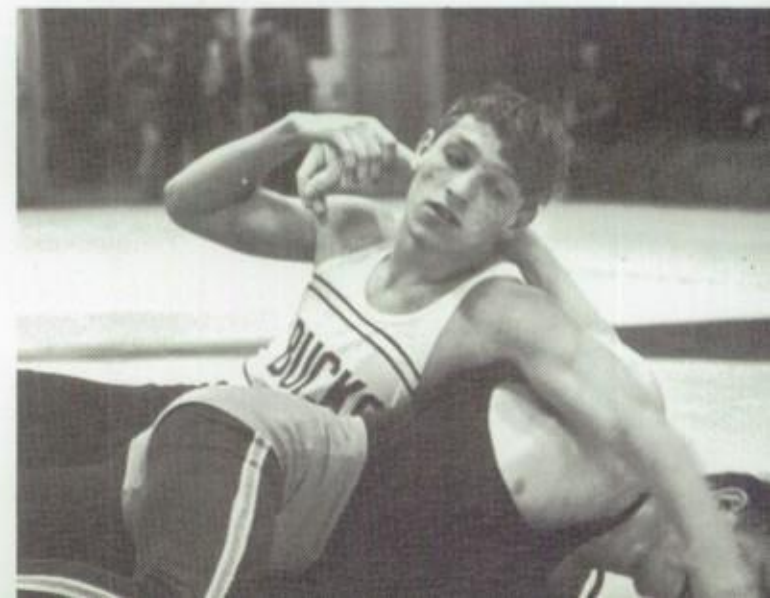

The 1966-67 wrestling team was one of the better teams Buchanan has ever had. Besides winning conference, they were Regional champs, Dowagiac invitational champs, and came in eighth in state. Led by Seniors J. T. Williams, Cordell Hubbard, and Larry "Doc" Elliott, the team conquered such opponents as Brandywine, Coloma, Dowagiac, Lakeshore, and Edwardsburg, losing only to powerful Battle Creek, Lakeview, and Niles. A big surprise of the year was when 165 lbs. J. T. Williams, who had not been a first-class wrestler in his junior year, came out and won 22 straight before bowing out to the State Champ 3-1 on a decision.

Also wrestlers who wrestled in at least one varsity match were: Roger Hassen, Jerry Warren, Bob Money, Steve Jackson, Ron Kelly, Mike Gooch, and Allan Hicks. Wrestlers for the J. V. were Don Stone, Tom Swem, Roy Thompson, Ron Brinkley, Jim Schoff, Greg Rees, Al Kyles, Neal and Lloyd Blevins, and Steve Wertenberger.

Buck contestants for State.

Dave pins Dowagiac man.

Cross Country Initiated at B.H.S.

The cross-country team is pictured above ready for a meet.

A new sport initiated at B.H.S. in 1966 was country, which is a sport held in the fall, and run for two miles in any type of weather or terrain.

B.H.S. had a fairly good team for the starting year. Their record on dual meets were: 6 wins, and 6 losses.

Heading the team this year was Bruce Pelkey who placed in the top ten of the conference. The team is made up of seven men, the first five who place, receive points for the team; the team with the least amount of points, takes first at the meet.

We wish Coach Rennhack and the future teams the best of luck.

FRONT ROW--left to right--D. Stone, T. Walker, R. Marbeiter. BACK ROW--Coach Rennhack, B. Leiter, B. Rauch, M. Newsome, B. Pelkey.

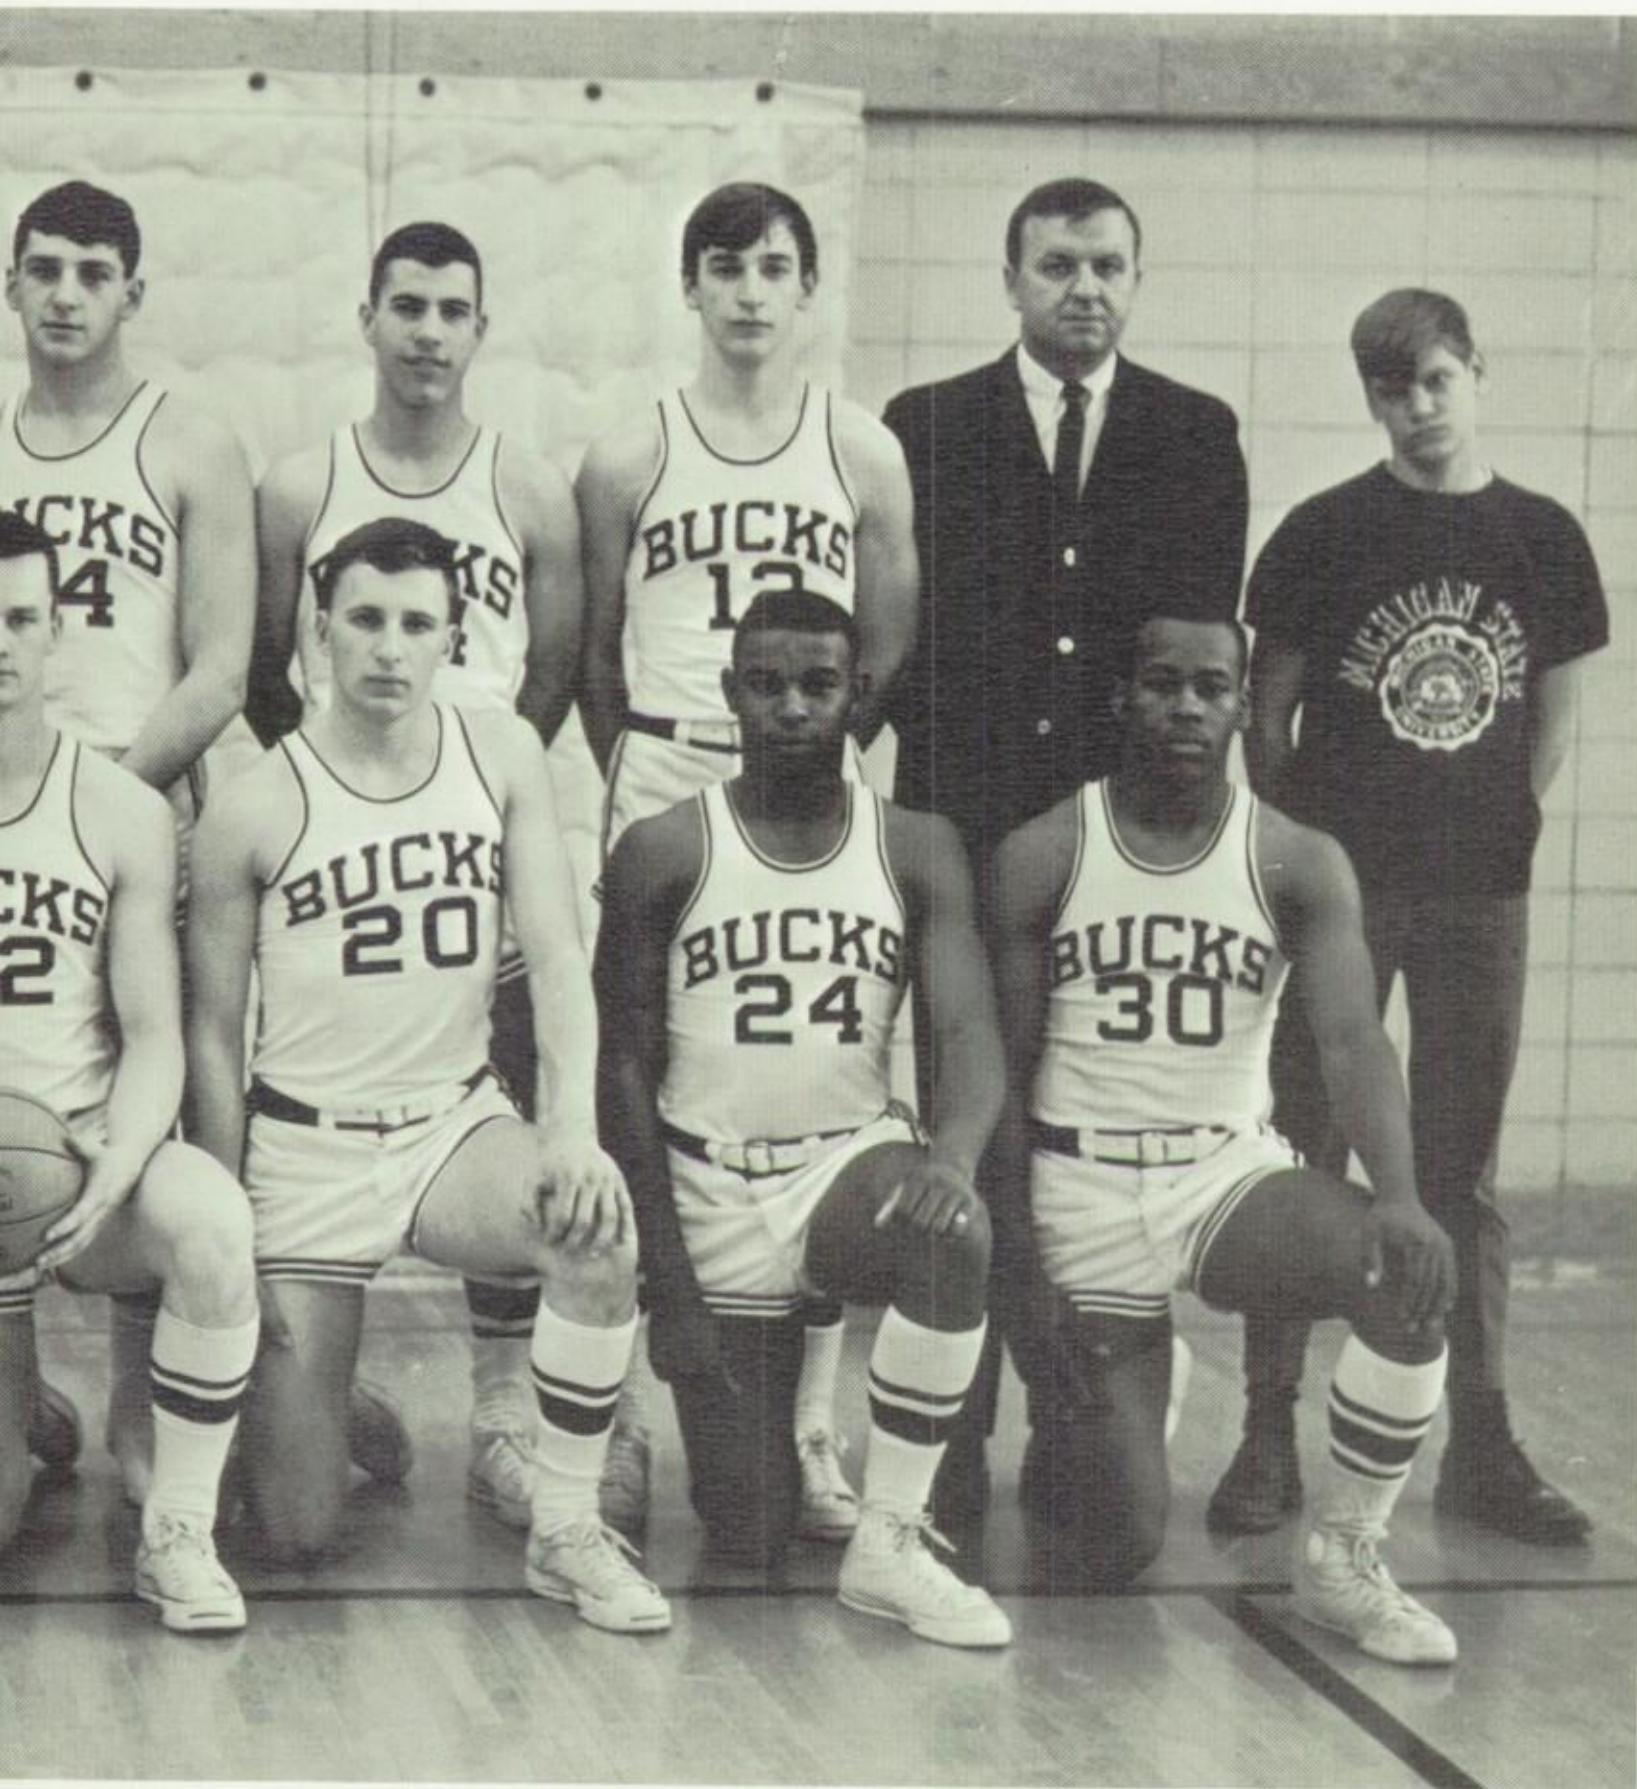

FRONT ROW--left to right--C. Hankerson, E. Miller, J. Rumsey, B. Babbs, G. Bennett, A. McKinney, F. Brown. BACK ROW--J. Rundborg; Manager, L. Davidson, B. Pelkey, B. Rauch, H. Miller, B. Travis, P. Sexton, P. Falkenstein, Coach Berry, F. Hinegartner; Manager.

"Bucks" Basketball Team Puts

Even though our record wasn't the best, at times the Buchanan Varsity looked like the State Champs. While not up for games with teams like Coloma and Dowagiac, the Bucks would really put out against teams like River Valley, Brandywine, and St. Joe. Mr. Berry coached the young un-experienced Bucks and stated at the end of the season that even though down, the team never did stop kicking. The Bucks beat such teams as Berrien Springs, Edwardsburg, and Brandywine, while losing to some of the finest teams in the county. The Bucks also won one game on a forfeit from the Cassopolis team.

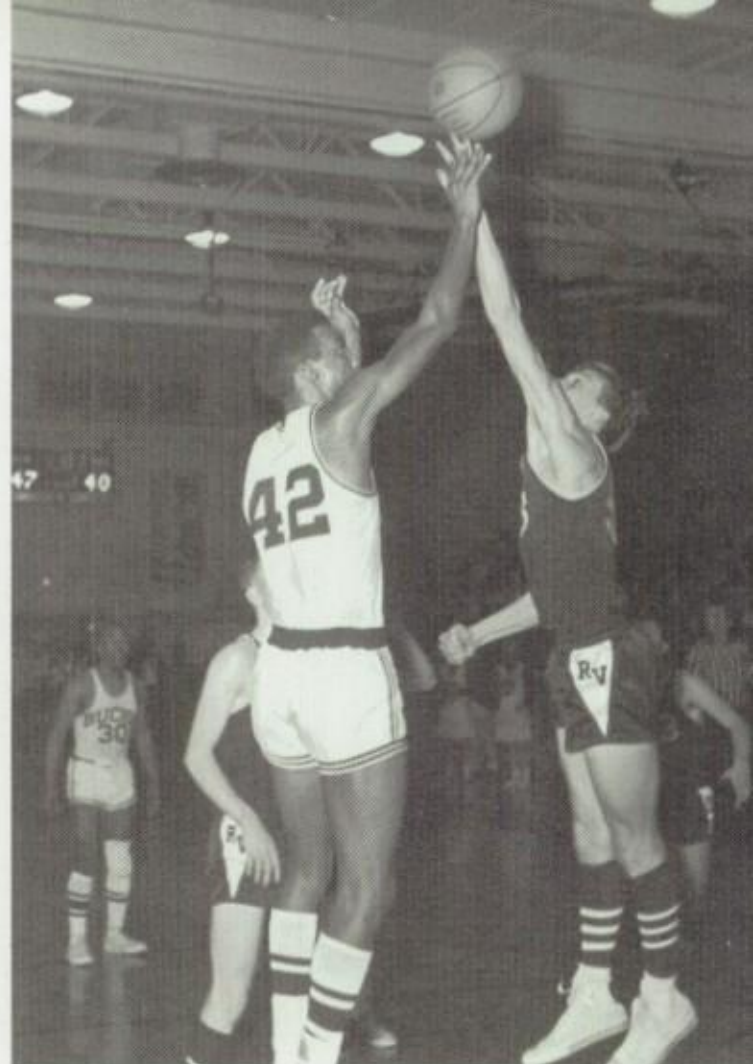

Forth Much Effort

Entering the district at Niles, the Bucks entered the toughest bracket and even though they played evenly in the first half they were beaten by River Valley full of height and experience. With 10 of 15 players coming back the Bucks should have the inside track on the Blossomland Conference.

Hayward with a jump shot, but only to have it tipped away.

Coach Berry gives a pep talk during an important game.

Francis lays it up for two.

Francis fakes Bobcat player out and gets the basket.

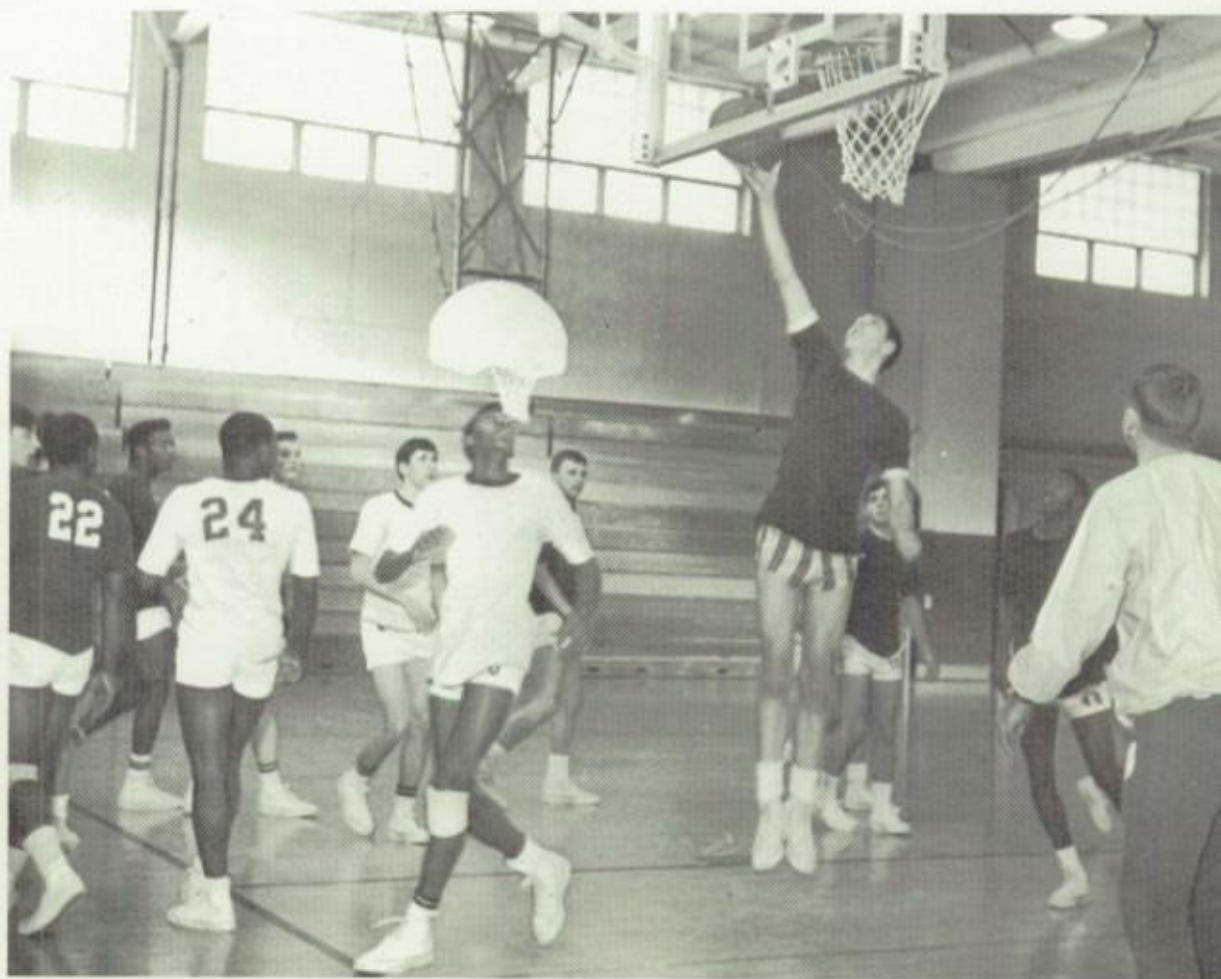

Bill gets two on pivot shot.

Bill's fast turn around gives him two.

Bill goes up with a Bobcat player for an important rebound.

Eddie lays it up with Bill on rebound.

J.V.'s Post Fine Season

The Jr. Vars. Bucks led by the high scoring of Ron Dockery, soared to a very impressive 14-1 record. Besides Dockery, Jerry Hubbard and Dale Russell were main assets to their fine season.

Losing only to Niles, a team which they had beaten earlier this season the Bucks had no trouble in posting the 14 victories. Mr. Rennhack was the coach of the junior varsity as he posts his fourth straight winning season.

Highlight of the season was when Dockery scored 42 points, to miss by six points in tying a J.V. record set by Bill Rauch against St. Joe last year.

FRONT ROW--left to right--J. House, B. Batchelor, W. Francis, T. Lake, T. Miller, J. Stibbs, R. Turner, W. Dockery. BACK ROW--R. Stuart; Manager, T. Canfield, R. Dockery, E. Sisk, D. Russell, J. Hubbard, S. Dokey, Coach Rennhack.

FRONT ROW--left to right--Coach Proud, S. Klingerman, D. Hassan, J. Clark, V. Backus, P. Martin; Manager.
BACK ROW--C. Carson, T. Replogle, R. Hess, D. Streffling, D. Dies, S. Berry, M. Frost.

Frosh Look Encouraging

Behind the scoring of Steve Berry and Jeff Clark; and the rebounding of Dave Hassan and Steve Klingerman, the Freshman Bucks came up with a very successful 8-4 record. They also placed third in the Berrien Freshman tourney.

Coached by Mr. Proud, the Frosh beat every team they faced except Lakeshore and Berrien Springs. This accounted for all the setbacks they accepted throughout the season.

With two of the best guards in the county in Vic Backus and Steve Berry, and with the best sixth man around in Ray Hess, they should give Buchanan much to cheer about in the future.

FRONT ROW--left to right--D. Topash, M. Gooch, B. Batchelor, S. Banke, J. Withers, A. McKinney, F. Brown, B. Travis, S. Carlson, R. Marbeiter. BACK ROW--L. Money, B. Davis, C. Kyles, L. Aalfs, L. Davidson, J. Hubbard, A. Kyles, J. House, M. Gray, M. Luke, E. Miller, B. Miller, H. Miller, S. Bullock, W. Francis.

Brown Breaks Record

Buchan's track season was very interesting, indeed. Two boys qualified for State, while one school record was broken. Led in the field events by the Miller brothers, Alan Kyles and Francis Brown, the Bucks would always take at least two of the four field events. High jumper Bill Miller, was one of the main assets as he placed seventh in the State. Bill was also, one of the better sprinters in this area. Alan Kyles, Francis Brown, and Eddie Miller, gave the Bucks depth and distance in the Broad Jump event. Brown jumped twenty-one feet, five inches at the State Meet. This broke his own record of twenty-one feet, four inches, set earlier in the year.

Golfers Have a Successful Season . . .

The 1966 season was a great one for the Buchanan golfers as they recorded their first undefeated season in the history of the school. Along with setting the new record, they also brought home the title of conference champs for the third consecutive year.

Mike Sexton set a new school record of 72 strokes along with the squad who set a new 18-hole record for a conference meet with 339 strokes.

With the return of most of the golfers the team should be just as good next year as they were this year.

Go Undefeated!

Sexton sets new record.

Left to right--B. Stibbs, J. Dick, M. Sexton, J. Schneider, J. Prenkert, E. Kangas (coach).

FRONT ROW--Left to right--D. Snook, P. Sexton, W. Pelley, B. White, A. Hicks, J. Rumsey. SECOND ROW--P. Churchill, B. Leiter, D. Stelter, B. Pelkey, T. Armstrong, G. Armstrong. BACK ROW--E. Critten, M. Hawks, P. Falkenstein, R. Dockery, B. Howe, Mr. Proud (Coach).

Bucks Smash Through Season for Championship Title

Under the new coach, Mr. Proud, the B.H.S. baseball squad captured the Blossomland championship with a very impressive 8-2 record.

Coach Proud gave the players something to shoot for this year as he added the point system to his regular procedure. In the system the boys received points for helping the team offensively and lose points for not contributing to the team.

Bill Babbs walked off with the honors, as he led the team in hitting. He was also voted Most Valuable Player by his teammates.

After completing the season, the Bucks were 12-3, losing to Niles, Brandywine, and Cassopolis. With only three starters being lost through graduation, and the rest of the squad being dominated by underclassmen, the Bucks should again be atop the Blossomland Conference next year.

Chuck Falkenstein throws off his mask as he waits for the foul fly.

Bill Babbs won the M.V.P. award for his outstanding performance during the 1966 baseball season.

Bob White springs into action as he tries to cut down a runner.

Bill, Gary, and Chuck warm up before a game.

Larry Watson tries to avoid the tag of the shortstop as he slides into second base.

FRONT ROW--Left to right--J. McClellan, T. Walker, M. Schrock, B. Dalrymple. BACK ROW--F. Billotti, T. Swem, G. Elliott, T. Lockey, P. Marazita, B. Schrimsher, S. Lund, A. Mould, Mr. Longley (Coach).

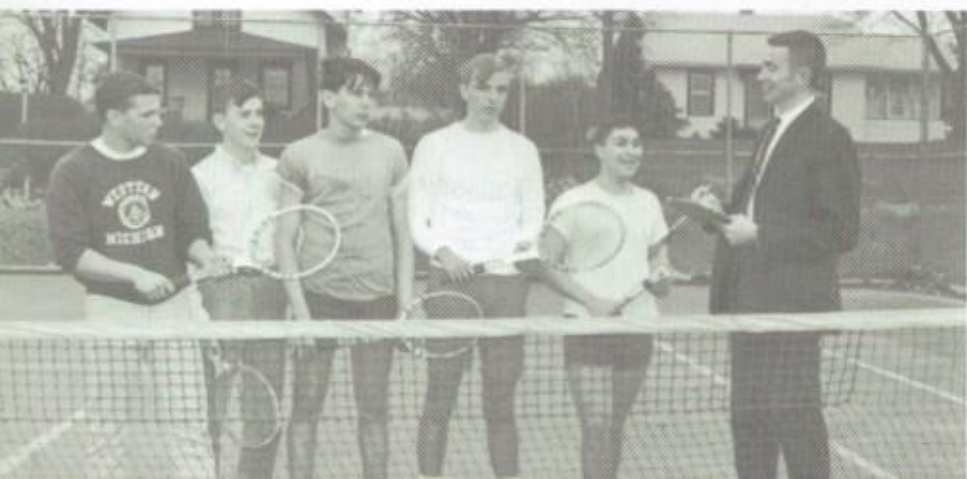

Netters Gain Much Experience

With only one Senior being lost through graduation, this year's tennis team should come up with a fine season.

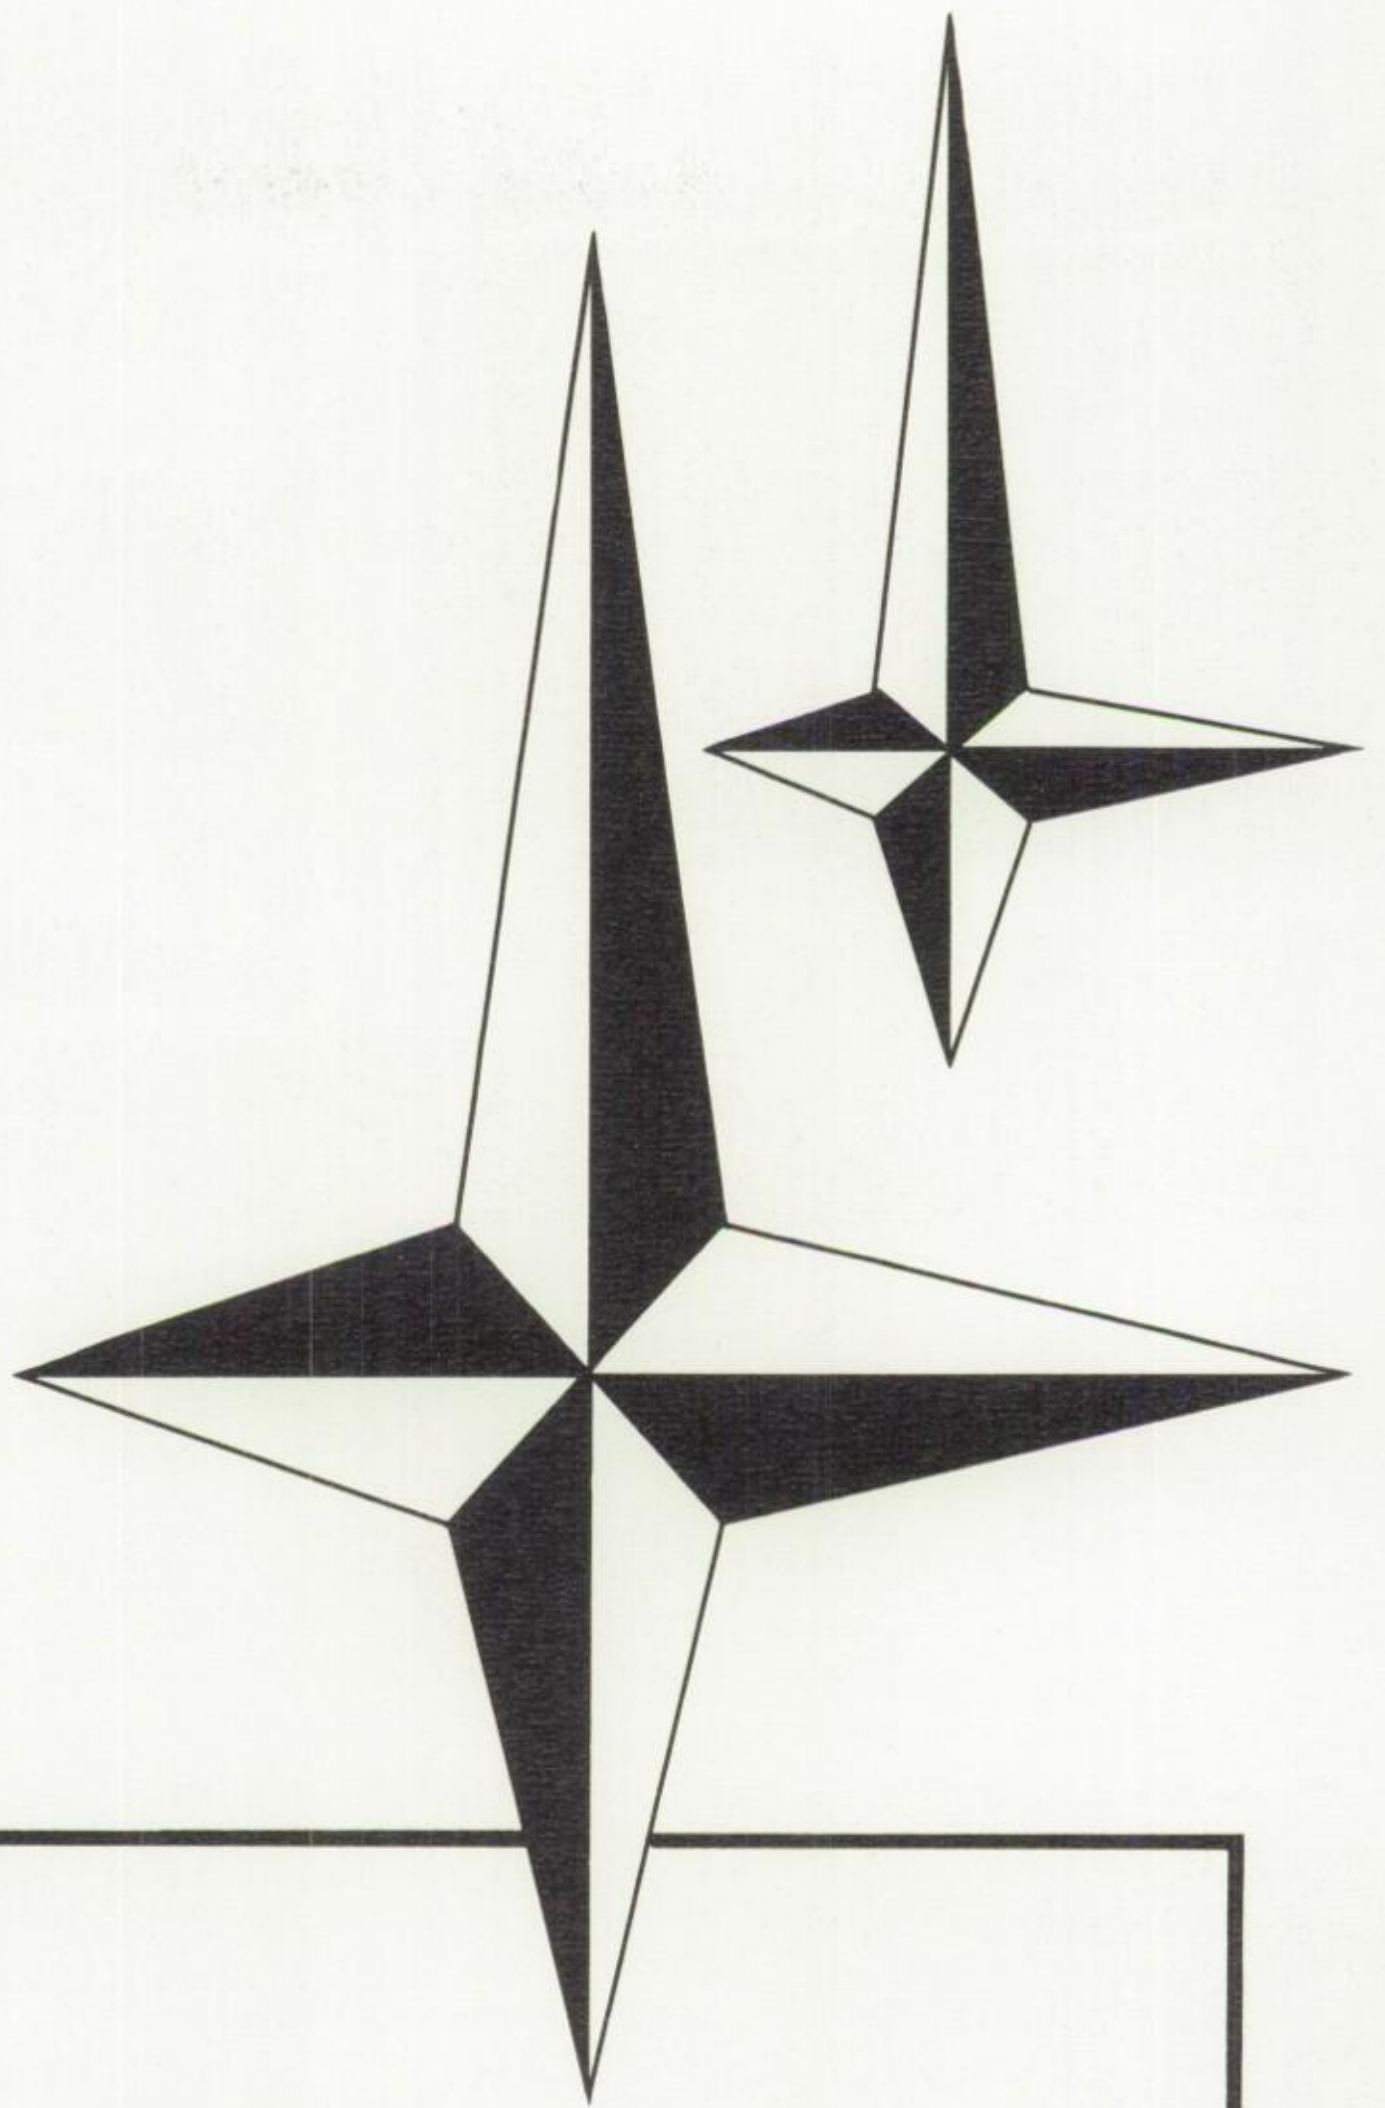

In the 1966 season the netters had trouble getting started and so they came up with a 5-2 record. The 1966 team, containing only one Senior and one Junior, had many underclassmen who gained experience through the year and they give a promising look at next season.

The Buchanan netters placed fourth in the regionals after losing the first and second men through ineligibility for the regionals.

Mr. Longley, the coach for tennis at B.H.S. expects a good season because of the experienced Junior and underclassmen hopefuls returning for the 1967 season.

Team members are given instruction preceding a match and are seen as they listen to their coach Mr. Longley.

SENIORS

The Varied Senior Activities

Many Senior girls participated in Homecoming by being candidates for queen.

Senior activities always include English research as seen above.

The Seniors add their voices to the noisy din of pep rallies.

Many Seniors receive recognition for their scholastic abilities.

Senior boys lend many fine additions to our various sports.

Mrs. Snyder and Mr. Dick, Senior Class Advisors, confer above on a matter pertinent to the Seniors.

THE SENIOR YEAR . . . The year almost every student looks toward the most. It's the last year of high school; from then on you're independent with your own personal plans and goals. It's the year filled with so many activities that free time is a luxury. You're kept very busy with cap and gown fittings, filling out orders for announcements and name cards, posing for Senior pictures, completing applications, and fulfilling the many homework requirements of all your classes.

It's an active year and a memorable one. For years after graduation you look back on it remembering all the friends and accomplishments you made. It's the final year, so remember to make the most of it whatever you do.

Senior Class Planners

The Senior Class officers, C. Hubbard, S. Shoemake, P. Heiermann, and J. Smedley, make plans for one of the many activities the Seniors participated in.

Shangrila Is

The bridge over the pond in the Oriental garden helped bring Janet and Jack to "Shangrila".

Kathie and Chuck are found enjoying the music of the tune played in honor of the Juniors.

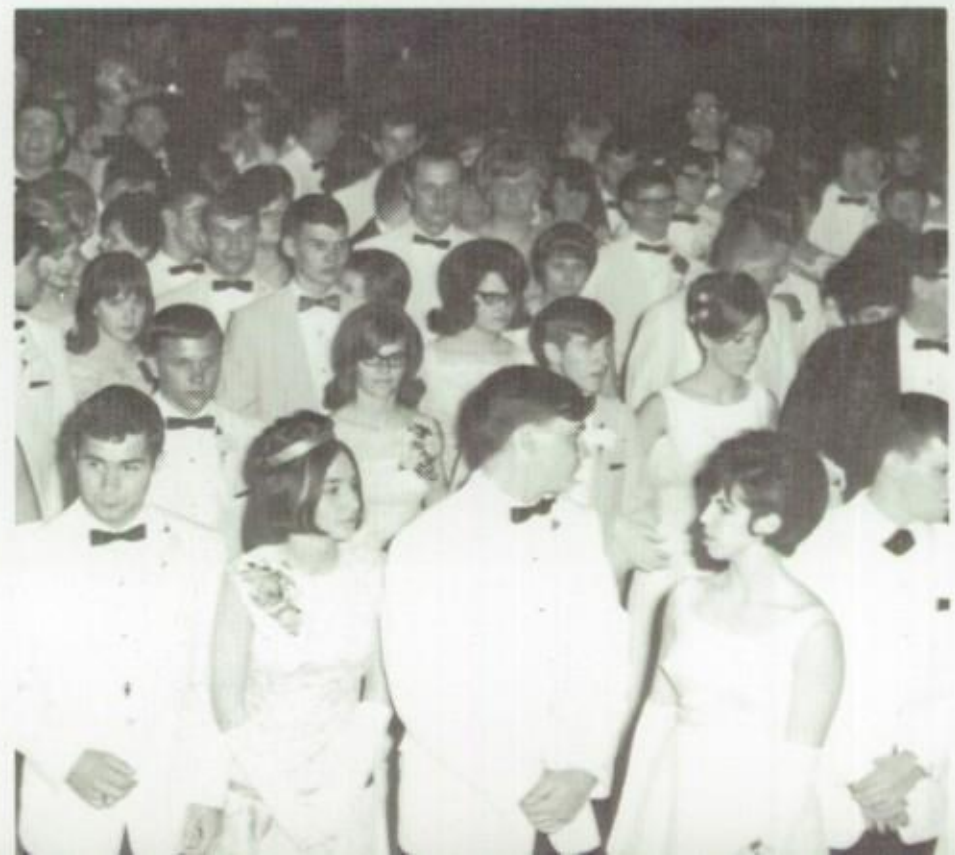

All of the Juniors' hard work and efforts paid off as seen in the faces of everyone who attended.

The traditional serving table is visited by Jean Anne, Bob, and Paul for a cup of icy punch.

The mammoth dragon mural was marveled by all who viewed it.

Farewell to '66 Grads

The fabulous Orient was the setting for the Junior-Senior Prom of 1966. It was easy to imagine oneself idling away the days in the languor and beauty of "Shangrila". The class of 1967 beautifully depicted the beauty and simplicity of the Mysterious East.

Two dragons guarded the gym while guests were greeted in the hall by Coolies. Each couple was ushered through a rock garden in the hall, over an Oriental bridge that spanned a small pool of glistening water. The Ken Morris Orchestra provided dance music for the Westerners in the East. All who attended have wonderful memories left of the Junior-Senior Prom.

Upon entering under a huge arch, Sue and Greg, Tina and Ken, Barb and Mike, and Mary Ellen and Pat are greeted by two Oriental servers.

Jerry and Carol reigned as King and Queen over the Jr.-Sr. Prom.

Beginning the Grande March are chairmen Kathie and Pam, escorted by Jim and Chuck.

Couples danced in the soft light to music provided by the Ken Morris Orchestra.

Custodians Care for B.H.S.

The custodians at B.H.S. should be deeply appreciated by all members of the student body. They are the individuals who keep our school running smoothly. They manage and keep in order our heating and lighting systems. They help keep B.H.S. looking clean and neat. The custodians are the ones who help the students take pride in their school. All their hard work and efforts should not be taken for granted and each student should do his part to make their job a little easier.

D. Coultas, W. Wahlstrom, J. Davidson, P. Kneeland, C. Payton.

The bus drivers at Buchanan High School are people whom the students have personal contact with almost every day. They are the individuals who supply the means of transportation to and from school. They make going to school easier and faster. All students should give their co-operation to these men and women to make their tasks a little less hard work.

Mr. Paul Spaulding, Director of Transportation at B.H.S.

Transportation Media Supplied

Editor's Note

My goal for the "Pines" of 1967 was to produce a book that would tell a story of the 1966-67 school year. Because it was my Senior year, I wanted it to be the best edition in the school's history. I sincerely hope I have done this. I have tried to present an accurate picture of what the students at B.H.S. are like and what happened during this school year.

Two years ago, I was selected to attend a two week journalism work-shop for yearbook editors. Its purpose was to acquaint us with the techniques and styles of modern yearbooks and to show us how to produce a praise-worthy year-book. I believe these classes helped me a great deal. My instructors stressed the principle things that can make or break a yearbook. They informed us of the things that should be left out and what things should be emphasized more in the book. I have tried to employ these techniques in this edition of the "Pines".

There were an excessive amount of problems facing the staff this year and they had to be dealt with before anything else was done. The staff and I did our best to solve them and this book shows the result of our labors. We hope they were all worth it.

Barbara Berg

The 1967 "Pines" Staff

Editor in Chief Barbara Berg
Assistant Editors Ruth Passig
Sandy Berg
Sports Editor Bill Craig

Assistants
Janice Wilcox, Jim Rundborg,
Pat McNeil.

Typists
Jeanette-Russell, Shirley Ward
Mickey White, Nancy Schneider,
Linda Heiney.

Business Manager Becky Hassan
Assis. Business Managers
Janis Beach
Ruth Stoner

Assistants
